

Do's & Don'ts for attending virtual College events.

# ATTENDING VIRTUAL EVENTS

## DO TURN OFF YOUR AUDIO

For whatever event, meeting, etc. that you join online, always make sure to turn off or disable your audio. This will help center the session on whatever the event is/whoever is speaking or presenting.

## DON'T HAVE FLASHING LIGHTS

In compliance with ADA requirements, no flashing lights are permitted in any virtual event.

## DO MAKE SURE YOU'RE FULLY CLOTHED

You're not the only person in the virtual room. Make sure that you're covered if you plan to be on-screen!

## DON'T VIOLATE COMMUNITY STANDARDS

We are committed to providing events for everyone. Chats will be monitored and you will be removed from the event if your behavior goes against our Community Standards outlined in the Bard Student Handbook.

## DO HAVE FUN

Drop in on virtual events offered by the College or by your fellow peers!
