

## Medical School Admission Requirements™ (MSAR®) Report for Applicants and Advisors

---

### MSAR Combined Degree Information

2024

**USA**

**AL University of Alabama School of Medicine**

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	University of Alabama at Birmingham
<b>About this program:</b>	<a href="http://www.uab.edu/students/academics/emsap">http://www.uab.edu/students/academics/emsap</a>
<b>Website for further information:</b>	<p>The UAB Early Medical School Acceptance Program (EMSAP) is designed to give exceptional high school graduates an opportunity to take advantage of the best resources of the undergraduate and medical programs through a mentored relationship with faculty. This is not an accelerated program, rather a program to allow gifted students to explore a broad range of educational, research and community service opportunities beyond the typical Premedical experiences.</p> <p>Students are selected in their senior year of high school. Both residents and non-residents of Alabama are eligible to apply to the program.</p>
<b>Combined medical degree/M.B.A.</b>	<p>Christy Manning            Phone: 2059348817            Email: <a href="mailto:cmanning@uab.edu">cmanning@uab.edu</a>            Website: <a href="https://www.uab.edu/business/home/programs/graduate-degrees/mba/dual-degrees/md-mba">https://www.uab.edu/business/home/programs/graduate-degrees/mba/dual-degrees/md-mba</a></p>

**USA**

**CA University of California, San Francisco, School of Medicine**

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	University of California Merced
<b>About this program:</b>	<a href="https://meded.ucsf.edu/san-joaquin-valley-prime-plus">https://meded.ucsf.edu/san-joaquin-valley-prime-plus</a>
<b>Website for further information:</b>	<p>The San Joaquin Valley (SVJ) PRIME+ program is a multi-campus baccalaureate/MD program designed to expand high-quality medical education in the San Joaquin Valley. Through a partnership between UCSF, its regional clinical campus UCSF Fresno, and UC Merced, the program will recruit, educate, and support future physicians to serve the communities of the San Joaquin Valley.</p> <p>The program includes a four-year baccalaureate component, leading into the UCSF Doctor of Medicine curriculum. All elements of the program, offered through UC Merced and UCSF Fresno, focus on preparing a physician workforce to address communities' unmet health and health care needs in the San Joaquin Valley.</p> <p>High school graduates accepted into the program will enter the eight-year program directly from high school, earning their baccalaureate degree at UC Merced and Doctor of Medicine through UCSF. The eight-year program will take place entirely in the San Joaquin Valley.</p>
<b>Combined medical degree/Ph.D.</b>	<p>Tiffani Quan, PhD            Phone: 4154764423            Email: <a href="mailto:Tiffani.Quan@ucsf.edu">Tiffani.Quan@ucsf.edu</a>            Website: <a href="https://mstp.ucsf.edu">https://mstp.ucsf.edu</a></p>
<b>COMB_OTHER2</b>	<p>Email: <a href="mailto:jmp_admissions@berkeley.edu">jmp_admissions@berkeley.edu</a>            Website: <a href="https://publichealth.berkeley.edu/academics/joint-medical-program/">https://publichealth.berkeley.edu/academics/joint-medical-program/</a></p>
<b>Postbaccalaureate program</b>	<p>Phone: 4155142277            Email: <a href="mailto:SOMOutreach@ucsf.edu">SOMOutreach@ucsf.edu</a>            Website: <a href="https://meded.ucsf.edu/post-baccalaureate-program">https://meded.ucsf.edu/post-baccalaureate-program</a></p>
<b>Additional Information</b>	<p>There are four distinctive programs available that require a stated interest at the time of the secondary application. The four programs are the UCB-UCSF Joint Medical Program (JMP), the Medical Scientist Training Program (MSTP), the Program in Medical Education for the Urban Underserved (PRIME-US), and the San Joaquin Valley Program in Medical Education (SVJ PRIME). The UCB-UCSF Joint Medical Program is a five-year program leading to a graduate degree from UC Berkeley and an MD degree from UCSF. The MSTP is a combined MD/PhD program that prepares students for careers as physician-scientists. PRIME-US is a five-year program for medical students interested in devoting their careers to serving urban underserved populations and/or conducting research focused on the health of urban underserved communities. SVJ PRIME students focus on serving populations in the central valley. More information about all program options can be found at <a href="https://meded.ucsf.edu/degrees-and-programs">https://meded.ucsf.edu/degrees-and-programs</a></p>

**CO University of Colorado School of Medicine**

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	University of Colorado Denver
<b>About this program:</b>	<a href="http://babsmd.ucdenver.edu">http://babsmd.ucdenver.edu</a>
<b>Website for further information:</b>	The BA/BS-MD degree program at the University of Colorado Denver and Anschutz Medical Campus aims to promote the diversity of medical professionals practicing medicine in Colorado and to better serve the health care needs of the State of Colorado by assembling about 10 outstanding high school senior students each year from broadly diverse backgrounds who are Colorado State residents, and have the desire to serve the health care needs of Colorado. This program is a partnership between the University of Colorado Denver College of Liberal Arts and Sciences and the University of Colorado School of Medicine. Being accepted to the program enables students to complete their undergraduate degree at CU Denver and earn a 'reserved' spot in the University of Colorado School of Medicine provided they meet specific academic, non-academic, and professional requirements annually.
<b>Combined medical degree/M.B.A.</b>	Graduate School Phone: 303-315-8200 Email: <a href="mailto:grad.advising@ucdenver.edu">grad.advising@ucdenver.edu</a> Website: <a href="http://www.ucdenver.edu/academics/colleges/business/degrees/mba/dual-degrees/Pages/MD-MBA.aspx">http://www.ucdenver.edu/academics/colleges/business/degrees/mba/dual-degrees/Pages/MD-MBA.aspx</a>

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	University of Florida
<b>About this program:</b>	<a href="http://mhp.med.ufl.edu/">http://mhp.med.ufl.edu/</a>
<b>Website for further information:</b>	<p>The Medical Honors Program (MHP) is an accelerated 7 Year B.S./M.D. program offered by the University of Florida. Admission is open to all eligible candidates who are United States citizens or permanent residents.</p> <p>This is not a high school entry program. This program is intended for third year undergraduate students (application is during the second undergraduate year) dedicated to a career in medicine, and who have demonstrated superior scholastic ability, commitment to humanism and personal development during their first two academic years of enrollment at a 4 year accredited science degree granting institution. When accepted to this program, a student reserves a place in the MD program at the University of Florida College of Medicine, conditional upon successful completion of all academic, extracurricular and professionalism requirements set forth in the MHP curriculum.</p>

<p><b>Additional Information</b></p>	<p>Students in period three of medical study may apply to the MBA, MPH or Master of Science in Health Informatics and Analytics (MSHIA) programs. Combined degree students complete the first 3 years of coursework in the MD degree program. At the beginning of the 4th period of study, students admitted to another degree pause their medical studies and begin classes in the MBA, MPH or MSHIA program. Classes in the MBA program are taken during fall and spring semesters of the medical student's fourth year of study (33 credit hours) as well as the summer for the MPH and MSHIA programs (36 and 27 credits respectively). Nine credits taken through HWCOC are applied toward the 42 credits required for the MBA degree, toward the 45 credits for the MPH and 10 credits toward the 37 credit MSHIA program. At the beginning of the 5th year, students resume study as part of the MD degree program and those who successfully complete all requirements graduate with a combined degree at the end of the 5 years.</p>

**FL Charles E. Schmidt College of Medicine at Florida Atlantic University**

**Baccalaureate/MD Program**

**Undergraduate College(s):** Florida Atlantic University

**About this program:** <https://www.fau.edu/medicine/dual-degree/bs-md/>

**Website for further information:**

The MED DIRECT Program works in partnership with FAU's College of Medicine and creates special opportunities for undergraduates who demonstrate a strong interest in medicine, a high level of academic ability, a passion for service and commitment to volunteerism.

The Wilkes Medical Scholars Program is a highly selective, early admission program into The Charles E. Schmidt College of Medicine for students who have a strong desire to pursue a career in medicine. Students select from twenty-seven academic concentrations and receive either a B.A. or a B.S. in Liberal Arts and Sciences, from the Wilkes Honors College in Jupiter and the M.D. degree from FAU's College of Medicine in Boca Raton in seven or eight years.

This partnership with FAMU is an 8-year Bachelor of Science-Medical Doctor dual-degree program for outstanding high school seniors who have made an early and informed decision to become a physician.

**Additional Information**

The Florida Atlantic University (FAU) Charles E. Schmidt Colleges of Medicine and Science and Max Planck Florida Institute for Neuroscience (MPFI) have created a M.D./Ph.D. dual degree program that provides talented students with cutting-edge training to become physician-scientists. The program allows students to complete their Ph.D. research in one of MPFI's state of the art research groups while simultaneously earning their medical degree from FAU's College of Medicine and doctoral degree from FAU's Integrative Biology Ph.D. program. This collaborative M.D./Ph.D. program combines the rigorous academic curriculum and top-tier clinical training offered by FAU with the cutting-edge neuroscience research in laboratories at MPFI, which is part of the world-renowned Max Planck Society. Students in the M.D./Ph.D. program follow a novel sequence of study at FAU and MPFI that promotes the distinct career path and integrated training in medicine and neuroscience research.

<b>About this program:</b>	<a href="https://www.augusta.edu/scimath/biology/bs-md-dmd.php">https://www.augusta.edu/scimath/biology/bs-md-dmd.php</a>
<b>Website for further information:</b>	Augusta University allows outstanding students the opportunity to achieve their BS and MD degrees in only seven years. Students spend their first three years in pursuit of the BS in Cell and Molecular Biology through the Department of Biological Sciences in the College of Science and Mathematics (CSM). In their fourth year, students meeting degree and program requirements enter their four year medicine program at the Medical College of Georgia (MCG). The BS Degree will be conferred following completion of the first year of the medical curriculum.

IL	University of Illinois College of Medicine
<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	The University of Illinois Chicago
<b>About this program:</b>	<a href="https://medicine.uic.edu/gppa/">https://medicine.uic.edu/gppa/</a>
<b>Website for further information:</b>	The GPPA—Medicine program allows a limited number of high school seniors from Illinois per year to be admitted to UIC with guaranteed admission to the M.D. degree program. Students follow a specific curriculum and meet established performance criteria to maintain guaranteed admission. With the security of GPPA, students are able to focus on undergraduate studies and have the freedom to pursue many subject areas and disciplines. In addition, participants have early and frequent contact with medical school faculty and advisors. Most students in GPPA also benefit from the facilities and services of the UIC Honors College.

IL Southern Illinois University School of Medicine	
Combined medical degree/J.D.	Dr. Carolyn Pointer Phone: 2175454391 Email: <a href="mailto:cpointer49@siumed.edu">cpointer49@siumed.edu</a> Website: <a href="https://www.siumed.edu/medhum/mdjd-dual-degree-program">https://www.siumed.edu/medhum/mdjd-dual-degree-program</a>
Combined medical degree/M.P.H.	Meredith Volle Phone: 2175451020 Email: <a href="mailto:mvolle@siumed.edu">mvolle@siumed.edu</a> Website: <a href="http://www.siumed.edu/popscipolicy/prospective-mdmph-students.html">http://www.siumed.edu/popscipolicy/prospective-mdmph-students.html</a>
Additional Information	MD/MPH 5 year Program. Only offered to a student once they have been placed on the "Accept when Place Available" List after interviewing for regular MD Program. <a href="http://www.siumed.edu/popscipolicy/prospective-mdmph-students.html">http://www.siumed.edu/popscipolicy/prospective-mdmph-students.html</a>

IL Rush Medical College of Rush University Medical Center	
Additional Information	Although RMC does not offer formalized combined degree programs, some students have pursued other degree and research programs on their own after matriculation. Students interested in these opportunities discuss with their advisors if such options are compatible with their plans of study and future goals. The senior associate dean provides final approval of such pursuits.

IL Carle Illinois College of Medicine	
Combined medical degree/Ph.D.	Dr. James Slauch Phone: 2173006977 Email: <a href="mailto:MSP@medicine.illinois.edu">MSP@medicine.illinois.edu</a> Website: <a href="https://medicine.illinois.edu/admissions/">https://medicine.illinois.edu/admissions/</a>
Additional Information	The Medical Scholars Program admits applicants through the MD program. Interested applicants apply to the MD program through the American Medical College Application Service (AMCAS) and must meet the requirements for Carle Illinois. Applicants will NOT need to designate themselves as MD/PhD applicants in the AMCAS application, nor will the MD/PhD essays be considered in admission to the MD program, although applicants can describe their research experience and interest in the secondary application. Interest in the MSP will not be a factor in considering applicants to the MD program. After matriculation, students can explore potential graduate programs and formally apply to the MD/PhD program.  see <a href="https://medicine.illinois.edu/admissions/medical-scholars-program">https://medicine.illinois.edu/admissions/medical-scholars-program</a>

## USA

MN	Mayo Clinic School of Medicine
Combined medical degree/Ph.D.	Lisa Hurley Phone: 5072844356 Email: <a href="mailto:mayoclinicmdphd@mayo.edu">mayoclinicmdphd@mayo.edu</a> Website: <a href="https://college.mayo.edu/academics/biomedical-research-training/medical-scientist-training-program-md-phd/">https://college.mayo.edu/academics/biomedical-research-training/medical-scientist-training-program-md-phd/</a>
Summer programs	Office for Education Diversity, Equity, and Inclusion Email: <a href="mailto:officeforeducationdiversity@mayo.edu">officeforeducationdiversity@mayo.edu</a> Website: <a href="https://college.mayo.edu/academics/diversity-and-inclusion/programs/">https://college.mayo.edu/academics/diversity-and-inclusion/programs/</a>
Additional Information	The Mayo Clinic Medical Scientist Training Program (MSTP) is an M.D.-Ph.D. training program that prepares students to translate scientific discoveries into applications that improve patient care. Mayo Clinic MSTP students are able to complete laboratory research rotations and Ph.D. research training at any of the three Mayo campuses — Rochester, Minnesota; Phoenix/Scottsdale, Arizona; and Jacksonville, Florida. Students are able to complete the final two years of medical school at the same campus where they completed the Ph.D. research training. Candidates have the opportunity to request the second look visit in Minnesota, Arizona or Florida.

MO	University of Missouri-Columbia School of Medicine
Combined medical degree/Ph.D.	Debbie Taylor Phone: 5738840042 Email: <a href="mailto:taylor@health.missouri.edu">taylor@health.missouri.edu</a> Website: <a href="https://medicine.missouri.edu/admissions/md-phd-program">https://medicine.missouri.edu/admissions/md-phd-program</a>
Additional Information	The Tom and Anne Smith MD-PhD Program allows students to receive training in a comprehensive program to prepare dual-degree physician-scientists for a career in academic medicine. MD-PhD students pursue a seven- to eight-year course of study that combines the traditional four years of medical school with the three to four years typically required to earn a doctorate in a scientific discipline. The School of Medicine offers two full scholarships for incoming MD-PhD students. Each scholarship includes full tuition for four years of medical school as well as a stipend to help with living expenses for each year of study. Funded labs provide full graduate support during the PhD years of study.

**MO Saint Louis University School of Medicine**

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	Saint Louis University, Drury University, Rockhurst University, Spring Hill College
<b>About this program:</b>	<a href="https://www.slu.edu/scholars/medical-scholars/index.php">https://www.slu.edu/scholars/medical-scholars/index.php</a>
<b>Website for further information:</b>	The Saint Louis University Medical Scholars Program offers an exclusive opportunity for first-time freshmen to gain conditional early acceptance to the SLU School of Medicine. The program provides early application privileges but does not guarantee acceptance to the School of Medicine; however, participation in this program and its challenging nature greatly increase students' likelihood of matriculation to medical school. All scholars are required to take the Medical College Admission Test (MCAT) and receive a minimum of 505 total. For undergraduate institutions other than Saint Louis University, please refer to the college's web site for more information. The Medical Scholars Program is not an accelerated program.

<b>Additional Information</b>	Another combination with the MD degree that is launching in 2023 is the Master of Science in Biomedical Informatics (BMI). See <a href="https://mdadmissions.wustl.edu/education/degree-programs/">https://mdadmissions.wustl.edu/education/degree-programs/</a> . The MD/MS in BMI is not a joint acceptance program; MD students apply to this program as third-year students. Interdisciplinary MS and certificate programs in biomedical informatics provide students with a competency-based training in core biomedical informatics theories and methods to address the fundamental shift health and life sciences are experiencing toward transdisciplinary, integrative and data-intensive approaches to research. These developments, coupled with the use of information technology platforms, are helping transform healthcare, achieving greater value alongside improved outcomes and safety. The complex data, information and knowledge needs associated with these changes requires a comprehensive approach to biomedical informatics research, education and practice.

**MO University of Missouri-Kansas City School of Medicine**

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	University of Missouri - Kansas City
<b>About this program:</b>	<a href="http://med.umkc.edu/bamd">http://med.umkc.edu/bamd</a>
<b>Website for further information:</b>	<p>A medical student's journey begins as soon as they enter the UMKC School of Medicine's B.A./M.D. program. Immediate exposure to a curriculum that builds a strong foundation in medical science and clinical skills is integrated with the liberal arts and humanities into a year-round program. Our program allows students to choose an undergraduate major and earn their B.A. and M.D. in six years.</p> <p>During the first two years of the program, three-fourths of a student's time is dedicated to the arts and sciences to fulfill baccalaureate degree requirements, while one-fourth is spent in medical school coursework. In the final four years of the program, the majority of the student's time is spent in medical school coursework with a smaller percentage of time spent completing baccalaureate degree requirements.</p> <p>*Program application process outside of AMCAS</p>
<b>COMB_OTHER1</b>	<p>Phone: 816-235-1870          Email: <a href="mailto:medicine@umkc.edu">medicine@umkc.edu</a>          Website: <a href="http://med.umkc.edu/bamd/">http://med.umkc.edu/bamd/</a></p>

Additional Information	<p>Typically students fulfill the MBA requirements between their third and fourth years of medical studies, but requests for other time frames may be submitted. Interested students should schedule an appointment with the Associate Dean of Student Affairs at Brody School of Medicine to discuss their eligibility and program requirements. Requests for approval should be submitted to the Office of Student Affairs by April 15 of the year in which a student intends to enter the MD/MBA Program. The MD/MBA Admissions Committee will determine each student's eligibility and notify them of their decision.</p> <p>Students enrolled in the Dual MD/MPH option can take MPH coursework during summer vacations, a leave of absence between the third and fourth year of medical school, and distance education.</p> <p>MPH degree requirements for medical students are identical to the requirements of other MPH students. Medical students should be able to complete requirements for both degrees in five years.</p>

**NJ Rutgers New Jersey Medical School**

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	Caldwell University; Drew University; New Jersey Institute of Technology (NJIT); Rutgers University-Newark; Stevens Institute of Technology; St. Peter's University; The College of New Jersey (TCNJ)
<b>About this program:</b>	<a href="https://njms.rutgers.edu/admissions/programs_7_8_year.php">https://njms.rutgers.edu/admissions/programs_7_8_year.php</a>
<b>Website for further information:</b>	The program consists of three years at an affiliated undergraduate school followed by a four-year medical program. Although not used to determine admission, the MCAT must be taken prior to matriculation. Promotion to the medical school is contingent upon achieving grades of B or better in all premedical courses and maintaining an overall grade point average of at least 3.5 each semester. The baccalaureate degree is awarded by the undergraduate institution upon completion of the first year of medical school. The MD degree is awarded by NJMS upon successful completion of all NJMS degree requirements.

**NJ Rutgers, Robert Wood Johnson Medical School**

**Baccalaureate/MD Program**

**USA**

<b>Undergraduate College(s):</b>	<p>There is one accelerated BA/MD program with Rutgers University New Brunswick (3+4). Students who are sophomores at Rutgers University New Brunswick can apply.</p> <p>Additionally, there are early assurance 4+4 programs for students underrepresented in medicine with Bryn Mawr College, Monmouth University, Rutgers University, Seton Hall University, Princeton University, St. Elizabeth's College and The College of New Jersey.</p>
<b>About this program:</b>	<p><a href="https://rwjms.rutgers.edu/education/medical_education/programs-prior-to-medical-school/special-admissions-programs">https://rwjms.rutgers.edu/education/medical_education/programs-prior-to-medical-school/special-admissions-programs</a></p>
<b>Website for further information:</b>	<p>The Rutgers University Robert Wood Johnson Medical School BA/MD (3+4) Program is designed to permit integration of basic medical sciences into the undergraduate curriculum to graduate broadly educated students who will assume leadership roles in medicine. Selected students will be on track to obtain bachelor and medical degrees in seven years.</p> <p>The early assurance 4+4 programs are special admissions programs with the goal to support students whose backgrounds are underrepresented in medicine in obtaining their doctorate of medicine. The programs work in collaboration with undergraduate universities and offer summer enrichment programs with course work, clinical experiences, cognitive skills support and mentoring. Students stay connected with the medical school during their senior undergraduate academic year.</p>

<b>Website for further information:</b>	<p>3 + 4 BS-MD (6-8 students per year): This rigorous accelerated degree program provides an opportunity for exceptional high school seniors to enter CMSRU after completing their junior year at Rowan University. Eligible students must be accepted into either the College of Science and Mathematics or the Biomedical Engineering program at Rowan University. In addition to meeting all undergraduate curricular and extracurricular requirements, candidates in this track must submit an application to CMSRU via AMCAS and complete an interview with the CMSRU admissions committee.</p> <p>All admissions inquiries should be addressed to:          Office of Pre-Health Programs  <a href="mailto:healthadvising@rowan.edu">healthadvising@rowan.edu</a>          856-256-4787</p>
---	---

<b>Combined medical degree/Ph.D.</b>	<p>Dr. Mark Byrne          Phone: 8562565773          Email: <a href="mailto:byrnem@rowan.edu">byrnem@rowan.edu</a>          Website: <a href="http://cmsru.rowan.edu/students/admissions">http://cmsru.rowan.edu/students/admissions</a></p>
--------------------------------------	---

<b>Summer programs</b>	<p>Taruna Chugeria          Phone: 8563612818          Email: <a href="mailto:chugeria@rowan.edu">chugeria@rowan.edu</a>          Website: <a href="http://www.rowan.edu/coopermed/diversity/undergrad/index.php">http://www.rowan.edu/coopermed/diversity/undergrad/index.php</a></p>
------------------------	--

<b>Additional Information</b>	<p>CMSRU participates in a joint MD/PhD program with the Department of Biomedical Engineering in the Henry M. Rowan College of Engineering of Rowan University. The program is intended to consist of four years of medical education combined with three years of education in biomedical engineering. Undergraduate experience in biomedical engineering is required to be considered for this program. To be accepted into this program, applicants must independently successfully complete both the Rowan PhD and CMSRU MD program admissions processes. Applicants to the program undergo the same screening, interview process, and admissions committee consideration as regular applicants to CMSRU. The CMSRU admissions committee is solely responsible for acceptance of applicants into the MD component of the MD/PhD program.</p>

NM	University of New Mexico School of Medicine
<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	University of New Mexico
<b>About this program:</b>	<a href="https://hsc.unm.edu/medicine/education/ba-md/">https://hsc.unm.edu/medicine/education/ba-md/</a>
<b>Website for further information:</b>	<p>The Combined BA/MD Degree Program is a partnership program between the UNM College of Arts &amp; Sciences and the UNM School of Medicine. The Program is designed to help address New Mexico’s physician shortage by assembling a class that is committed to serving communities across the state.</p> <p>Students first earn a baccalaureate degree through the College of Arts &amp; Sciences in a challenging four-year curriculum specifically designed to prepare them for medical school, and more importantly, to practice medicine in New Mexico. Upon successfully completing the undergraduate academic and eligibility requirements of the program, students will then transition to the School of Medicine to complete their doctor of medicine (MD) degree.</p> <p>This program is open to high school seniors graduating from a New Mexico high school, as well as members of an Indian nation, tribe, or pueblo located wholly or partially in New Mexico (must be graduating from a local high school).</p>
<b>Combined medical degree/M.P.H.</b>	Daniel Noriega-Lucero Phone: 5052720595 Email: <a href="mailto:dnoriegalucero@salud.unm.edu">dnoriegalucero@salud.unm.edu</a> Website: <a href="https://hsc.unm.edu/population-health/programs/graduate-programs/masters/">https://hsc.unm.edu/population-health/programs/graduate-programs/masters/</a>

<b>Additional Information</b>	<p>The MD/PhD program is designed to provide comprehensive training in both clinical sciences and a basic biomedical science discipline. The intent of the program is to provide students with an integrated and cohesive training experience while obtaining the MD/PhD degree. Students participate in activities common to both programs while involved in the medical school curriculum or engaged in PhD dissertation research.</p> <p>The program consists of 2 years of the medical school curriculum followed by 3-4 years of graduate courses and PhD dissertation research, and concludes with the remaining 2 years of the medical school curriculum. The PhD and MD degrees are awarded simultaneously at the end of the entire training period. Students can pursue many lines of research activity performed by investigators in biomedical research in the School of Medicine.</p>

**NY University of Rochester School of Medicine and Dentistry**

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	University of Rochester
<b>About this program:</b>	<a href="https://admissions.rochester.edu/academics/rem/s/">https://admissions.rochester.edu/academics/rem/s/</a>
<b>Website for further information:</b>	Rochester Early Medical Scholars (REMS) is an eight-year BA/BS + MD program for outstanding undergraduates who are committed to pursuing a medical career. As a REMS student, you are admitted to the University's School of Medicine and Dentistry once you successfully complete your bachelor's degree and pre-med core courses. You will also work closely with highly respected faculty members, attend special events, gain hands-on experience in clinics and labs, and earn funding for summer research projects. A broad focus on liberal arts is encouraged through an emphasis on community engagement, active involvement in research and exploring your humanistic interests (music, advocacy, arts, etc.). REMS students benefit from close mentorship and advising, access to the medical center through REMS connections and the latitude for international exploration.

<b>Additional Information</b>	<p>The Norton College of Medicine at Upstate Medical University has partnered with Syracuse University's Whitman College of Management to offer a 5-year combined MD/MBA program. This program was designed to meet the increased demand for multidisciplinary programs that address technical and soft skills and prepare students for STEM, business, and many career pathways. Additionally, many medical positions require an understanding of business, leadership, and management and students will greatly benefit from learning about the healthcare business.</p> <p>Our MD/Ph.D. program trains future physician-scientists who, by combining the practice of medicine in the clinic with biomedical research in the laboratory, are uniquely qualified to bring the power of modern science to our understanding and treatment of human disease.</p>

NY	Stony Brook University School of Medicine
<b>Baccalaureate/MD Program</b>	
Undergraduate College(s):	Stony Brook University
About this program:	<a href="https://www.stonybrook.edu/undergraduate-admissions/academics/honors.php">https://www.stonybrook.edu/undergraduate-admissions/academics/honors.php</a>
Website for further information:	Stony Brook University offers an integrated eight-year program for students interested in attending medical school following their undergraduate degree. The Scholars for Medicine (SFM) track offers selected students in the Honors College, WISE Program or University Scholars Program an opportunity to complete a combined Bachelor's/MD course of study while participating in pre-medical classes and activities. Students accepted into any of these tracks are reserved a seat in the Renaissance School of Medicine upon graduation provided they complete all applicable program requirements. Successful applicants to the program (the middle 50th percentile ranges) have historically had 98-99 high school GPAs and 1490-1590 SAT composite scores. ACT exam scores are now considered in lieu SAT scores. Candidates must also have documentation of U.S. citizenship or permanent residency in the United States.

**NY Donald and Barbara Zucker School of Medicine at Hofstra/Northwell**

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	Hofstra University
<b>About this program:</b>	<a href="http://www.hofstra.edu/admission/adm_4plus4.html">http://www.hofstra.edu/admission/adm_4plus4.html</a>
<b>Website for further information:</b>	<p>Entry to this program is highly selective, and only those who demonstrate superior high school achievement and academic aptitude, and who apply to Hofstra as first-time, full-time freshmen will be considered.</p> <p>As a dual degree candidate, students have multiple undergraduate majors to choose from, all of which will satisfy the School of Medicine prerequisite course requirements. BS-BA/MD Dual Degree Program students will have highly skilled advisement specialists to help determine the best choice of major for their interests and aspirations. The pre-medical course requirements for BS-BA/MD students correspond to the recommended coursework for applicants to the MD program in the same academic year as the year accepted BS-BA/MD students matriculate as undergraduate students at Hofstra University.</p>

<b>Additional Information</b>	<p>Students are eligible to apply for admission to the MD/MPH, MD/MBA, or MD/MSEd program post matriculation. The goal of the joint degree program is to facilitate the attainment of both degrees within five years. Accepted students take an additional year between their third and final (fifth) year of training to complete the majority of their MPH, MBA, MSEd course work. Most MD/MPH, MD/MBA, or MD/MSEd students use a portion of their elective time during their final year of medical school to complete MBA, MPH, MSEd course work.</p>

**USA**

**NY NYU Grossman Long Island School of Medicine**

<b>Additional Information</b>	Due to the highly integrated format of our three-year accelerated curriculum, NYUGLISOM does not offer combined or dual degree programs. In very limited instances, pursuing a dual degree at an outside institution may be considered on a case-by-base basis and requires prior approval from the office of the dean. If a leave of absence to pursue a dual degree is granted, this leave is restricted until after successful completion of all Phase II curriculum requirements, including passing USMLE Exams 1 & 2. Additionally, taking a leave of absence to pursue a dual degree may affect the student's directed pathway to residency due to the change in their timeline to graduation.
-------------------------------	--

**OH University of Cincinnati College of Medicine**

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	University of Cincinnati
<b>About this program:</b>	<a href="http://www.med.uc.edu/connections">http://www.med.uc.edu/connections</a>
<b>Website for further information:</b>	The Connections Dual Admissions Program, a dual admissions BS/MD program, allows high school seniors to apply to and be accepted to both the University of Cincinnati undergraduate college and the University of Cincinnati College of Medicine simultaneously. The Connections Program is a non-binding, non-accelerated, eight-year baccalaureate/MD program. Students spend four years as an undergraduate student at the University of Cincinnati and four years as a medical student at the College of Medicine (the University of Cincinnati College of Engineering joint program is nine years because of the required co-op learning program). For additional information please visit <a href="http://www.med.uc.edu/connections">www.med.uc.edu/connections</a>

--------------------------------------	--

<b>Additional Information</b>	The MD/PhD program provides training for individuals with strong clinical and basic science interests for research careers in academic medicine. The dual degree program consists of four years of medical school and a minimum of three years of graduate study (which occurs between the preclinical and clinical curricula) including dissertation research in an area of basic biomedical science leading to a PhD degree. The work must be conducted under the guidance of a funded clinical and/or basic science investigator who is a member of the Graduate Faculty. The program concludes with clinical studies during the final two years of medical school. Students will receive academic counseling and career guidance, and participate in special seminars and retreats designed to enhance the educational environment. All enrolled MD/PhD students receive a stipend plus full tuition throughout their training.

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	Pennsylvania State University
<b>About this program:</b>	<a href="https://science.psu.edu/interdisciplinary-programs/premed-med-bsmd">https://science.psu.edu/interdisciplinary-programs/premed-med-bsmd</a>
<b>Website for further information:</b>	The Penn State-Jefferson Premedical-Medical Program (PMM), begun in 1963, is a seven-year combined degree program with three years of undergraduate study at Penn State (main campus) and four years at Sidney Kimmel Medical College. The Penn State B.S. degree is awarded after the first year of medical school and the Jefferson M.D. is awarded after year four of medical school. Students with a total score of 1470 or higher on the SAT (Math plus Evidence Based Reading and Writing), or a composite score of 32 or higher on the ACT can be considered for this program. A strong GPA and evidence of participation in rigorous high school classwork are also required. Students who already have graduated from high school are not eligible for this program.

Additional Information	The MD/PhD program ( <a href="http://www.mdphd.pitt.edu">www.mdphd.pitt.edu</a> ) provides students with clinical knowledge and doctoral work in basic science, engineering, or public health at either Pitt or neighboring Carnegie Mellon University. Except for the MD/PhD program, combined degree programs are not offered directly through the University of Pittsburgh School of Medicine. Students seeking a dual degree (an MD with a MBA, JD, MPH, or a MA in biomedical ethics) can contact other schools directly about applying and the curriculum. UPSOM students can also devote a full year to research and enrichment courses through either the Clinical Scientist Training Program ( <a href="http://www.icre.pitt.edu/cstp/index.html">www.icre.pitt.edu/cstp/index.html</a> ) or the Physician Scientist Training Program ( <a href="http://www.pstp.pitt.edu">www.pstp.pitt.edu</a> ). The CSTP lets students further their mentored scholarly projects in clinical research during a fifth year of training. The PSTP provides two summers and a fifth year of lab-based training, preparing students for careers in academic medicine.

PA Lewis Katz School of Medicine at Temple University	
<b>Baccalaureate/MD Program</b>	
Undergraduate College(s):	Washington & Jefferson College in Washington, PA
About this program:	<a href="https://www.washjeff.edu/academics/majors-and-minors/partnerships/pre-health-professions-school-affiliations/">https://www.washjeff.edu/academics/majors-and-minors/partnerships/pre-health-professions-school-affiliations/</a>
Website for further information:	<p>The Medical Scholars Program provides an opportunity for exceptionally qualified high school seniors to gain a provisional acceptance to LKSOM upon completion of their undergraduate degree. LKSOM offers this combined degree with Washington &amp; Jefferson College in Washington, PA. Applicants to the BA/MD program must first be accepted to Washington &amp; Jefferson College. Candidates who meet specific academic criteria are recommended to the School of Medicine for an interview.</p> <p>Students with a strong academic background who have completed a variety of AP coursework and demonstrated exceptional standardized test performance are eligible for the Program. A minimum combined SAT score of 1350, with no individual section less than 600 or a minimum ACT composite score of 31 is required. Students with demonstrated leadership and extensive community and healthcare experiences are encouraged to apply.</p> <p>Matriculation to LKSOM is conditional upon successful completion of all program requirements.</p>

<b>Additional Information</b>	<p>The MD/MA in Urban Bioethics Program is a unique opportunity for LKSOM students to engage in a program focused on health equity in clinical care, research, and policy. Offered through Temple’s Center for Urban Bioethics, this interdisciplinary program prepares students to better understand and address the ethical challenges experienced in urban communities where density, diversity, and disparity contribute to health inequities. Coursework is grounded in theoretical and analytic bioethics as well as in methodological tools for community engagement. The MA can be completed concurrently with medical school courses with no additional time necessary to complete both degrees.</p> <p>Students can also complete a MD/MPH (5 year program with the College of Public Health), a MD/MBA (online MBA offered through the Fox School of Business) or a MD/Certificate in Narrative Medicine. No additional time is required to complete the MBA or Certificate in Narrative Medicine.</p>

Additional Information	<p>Vanderbilt University School of Medicine has several dual degree programs. For all dual degrees, except the MD/PhD, typically the first three years are spent in the medical school program. In most cases, after year three, students begin work on their other degree program. Depending on the other program, students may complete the second degree before returning to the medical school. The dual degree program allows students to reduce the period of time required to complete each degree separately, usually eliminating one full year of study. Application is made to each program separately, and admission to both programs is required to enter a dual degree program.</p> <p>Please visit <a href="https://medschool.vanderbilt.edu/professional-degrees/">https://medschool.vanderbilt.edu/professional-degrees/</a> to learn more about our various combined degrees, including ones not listed here.</p>

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	Baylor University, University of Houston, Xavier University, St. Mary's University
<b>About this program:</b>	<a href="https://www.bcm.edu/education/schools/medical-school/bacc-md-programs">https://www.bcm.edu/education/schools/medical-school/bacc-md-programs</a>
<b>Website for further information:</b>	<p>Baylor College of Medicine offers innovative programs that give exceptional senior high school students provisional acceptance to medical school. Each program allows eight years of mentoring and enrichment activities to highly motivated students with a passion for learning.</p> <p>The programs are not "fast-track" but require a commitment where students are exposed to a range of exciting opportunities. Study abroad, research and other unique experiences are tailored to meet the individual's educational plan.</p> <p>The following programs promote diversity among future physicians.</p>

Additional Information	<p>The TTUHSC El Paso Foster School of Medicine and the University of Texas Health Science Center at Houston School of Public Health-El Paso Regional Campus (UTSPH) offer a dual degree option leading to a medical degree and a Master in Public Health. This option provides students who are matched to attend the FSOM with the opportunity to consider this M.D./M.P.H. track. This track will minimize duplication in course content, maximize efficiency of academic interactions and reduce time and costs incurred compared to earning the degrees independently.</p> <p>The Health Organization Management (HOM) program is a joint venture between the TTUHSC El Paso Foster School of Medicine and the Rawls College of Business. The Rawls College of Business and the TTUHSC El Paso Foster School of Medicine have partnered to offer a pathway program where students can earn both a Doctor of Medicine and Master of Business Administration (MD/MBA) within the time that it takes to complete medical school.</p>

<b>Baccalaureate/MD Program</b>	
<b>Undergraduate College(s):</b>	University of Houston
<b>About this program:</b>	<a href="https://uh.edu/honors/Programs-Minors/curricular-programs/honors-med/">https://uh.edu/honors/Programs-Minors/curricular-programs/honors-med/</a>
<b>Website for further information:</b>	<p>The HonorsMed Program is a conditional acceptance program in which students spend four years in the Honors College at UH as undergraduates followed by four years in medical school at the Tilman J. Fertitta Family College of Medicine. Students selected for this program can pursue any major, but they must complete a bachelor's degree at UH, fulfilling the Honors requirements, as well as the Medicine &amp; Society minor. Matriculation into the Tilman J. Fertitta Family College of Medicine is contingent upon students maintaining a 3.5 cumulative GPA and scoring a minimum of 500 on the MCAT.</p> <p>Students interested in the program should apply to the University of Houston, the Honors College, and HonorsMed by our priority deadline of Nov. 1. Selected students will be invited to interview with the Fertitta Family College of Medicine in the spring, and up to six students will be chosen for the program after interviews.</p>
<b>Summer programs</b>	<p>Ashley Schwartz            Phone: 7137436895            Email: <a href="mailto:uhcomdo@uh.edu">uhcomdo@uh.edu</a>            Website: <a href="https://uh.edu/medicine/current-students/diversity-outreach/do-programs/index/#Anchor1">https://uh.edu/medicine/current-students/diversity-outreach/do-programs/index/#Anchor1</a></p>
