Please Note: This enrollment guide is a summary of the benefits provided to benefit eligible employees. Bard College reserves the right to modify, amend, suspend or terminate any plan at any time for any reason without prior notification. The plans described in this guide are governed by insurance contracts and plan documents, which are available for examination upon request. We have attempted to make explanations of the plans in this guide as accurate as possible. However, should there be any discrepancy between this guide and the provisions of the insurance contract or plan documents, the provisions of the insurance contract or plan documents will govern. In addition, you should not rely on any descriptions of these plans, since the written descriptions in the insurance contracts or plan documents will always govern.

This is the only written summary of benefits. Please consult the Plan Document for more detailed information.

Welcome to Bard College’s 2020 Benefits Open Enrollment. Our goal is to provide you and your family with cost-efficient and comprehensive benefits. These programs are reviewed annually to ensure they are in line with the current trends and remain in compliance with government regulations such as the Health Care Reform legislation. Please read this Benefits Guide to gather important details about your benefits, and learn about your contributions as an aid to making your final decisions.

The definition of “full-time” for healthcare benefit eligibility purposes is working on average 30 or more hours per week. Bard College will track your hours and notify you if you are eligible for benefits. More information on eligibility to participate in our healthcare plan can be found in the plan documents, which can be obtained by contacting our Human Resources department.

Open Enrollment
Open Enrollment is the window of opportunity to make changes to your benefit elections, or enroll if you previously waived coverage. It is the time of year to make sure that you have enrolled in the health benefits that meet your healthcare needs and fit into your overall financial plan. Ask yourself:

- Does your current coverage meet your family’s needs?
- Did you get married, divorced, have a child or another qualifying status change since you last looked at your benefits?
- Were you covered under a spouse and now would like to be covered primarily by your employer?
- Verify that your enrolled dependents meet the definition of an eligible dependent. Medical coverage is provided for dependent children up to their 26th birthday under Health Care Reform. Other benefit plans are subject to plan age limits.

The Summary of Benefits and Coverage (SBC) for our medical plans, along with the Glossary of Health Coverage and Medical Terms, are also available on iNavigator. Upon request a paper copy will be provided at no charge.

Under the Affordable Care Act you are required to maintain healthcare coverage for yourself and your dependent children.

Changing Your Benefits After Open Enrollment
After open enrollment you may change your benefits only if you have met a qualified status change, such as loss of other medical coverage, the birth of a child, divorce or a child reaching the coverage maximum age limit.

New for 2020:
Support Tool in iNavigator to assist you in selecting the best plan for you and your family! This tool can be found on the right hand side of the medical election page in iNavigator, and uses a series of question and a star rating system to help you make a plan decision.

Please do not hesitate to contact Human Resources or Marshall & Sterling with any questions or concerns regarding your benefits.

You may also contact Marshall & for a personal consultation about any of the plans available to you!
With iNavigator, employees enjoy convenient online access to benefits coverage, 24 hours a day, seven days a week. You can update your personal profile, report life events, make eligible benefits elections and qualifying enrollment changes, and also have access to a complete document library.

- **BEGIN** using iNavigator by going to [https://marshallsterling.employeenavigator.com](https://marshallsterling.employeenavigator.com)
- **FIRST TIME** users will select “Register as a new user” to create a User Name and Password. We highly recommend using a work email for your username, if possible, to help make it easier to remember. You will need your Company Identifier, which is: **BARD**
- **EXISTING** users will proceed by logging in with their username and password. See below if you have forgotten your username or password.

### To Enroll in Benefits

1. If you are a first time user, after you have completed any onboarding tasks, you will be led to begin your enrollments. If you skip them during registration, or if you are a returning user, click Start Enrollments from your home screen.
2. Complete your personal information – please note all fields will be required. Click “Save and Continue”.
3. Complete dependent information. You can “add dependents” and fill out the needed information. When all dependents have been added, click “Save and Continue”.
4. From here you will be taken one by one through each benefit your company offers. If a certain benefit allows dependents to be enrolled, you will see a section at the top “Who am I enrolling?”, where you can click off each dependent that you want to enroll on that individual plan.
5. You can select “Compare” to compare plans if more than one is offered, or click “Details” for information on an individual plan. There will be a column on the right for helpful resources, which will contain benefit summaries or any other needed information. As you make each selection, click “Save and Continue”.
6. If any of your selections require forms to be filled out (i.e. a beneficiary form for a life insurance plan), these forms will immediately pop-up after that benefit has been elected and must be filled out.
7. Lastly, upon completion of enrollment, you will be prompted to sign your benefits, and then may print a copy of your enrollment summary. **Enrollment is not complete until you “Click to Sign” on your enrollment summary and see the checkmark that says “acknowledged and Submitted”**.

### Forgot Your Username and/or Password?

1. Click on “Reset Password”
2. Under “Employees”, select “Click Here”
3. Enter your username and select “Next”
   - If you have forgotten your username, click “Don’t know your username?” Otherwise, skip to step #4. You will be asked for your company identifier (see above), first and last name, and your PIN, which is the last four digits of your SSN. Fill in these fields and select “Request a Reset”. You will see “Password Reset Has Started” and you will be prompted to check your email for instructions. Proceed with step #5.
4. Enter your birth year for verification. You will see “Password Reset Has Started” and you will be prompted to check your email for instructions.
5. Go to your email and click on “Password Reset” and enter new password. Select “Change Password” after entering. Don’t forget – passwords must be between 6 and 20 characters and include both a number and a symbol.
6. You should now be logged in and you will receive an email that your password has been reset.
Medical – HSA Options

You can select one of the following Empire Medical Plan options.

- The Empire HSA HIGH PPO medical plan contains in-network and out-of-network benefits. Benefits are determined at the point the member decides to use either in-network or out-of-network providers, giving the members greater freedom of choice. Members choosing out-of-network benefits will have reduced benefits, higher out of pocket costs and can be balance billed without limit.
- The Empire HSA LOW EPO medical plan delivers in-network-only benefits. Members must seek care from participating providers, except in the case of a life-or limb-threatening emergency. If care is received from a non-participating provider, the claim will not be paid. It is the member’s responsibility to confirm that the providers and specialists they are seeing participate in the network at the time of service.

Aggregate Deductible: The entire family deductible must be met before copay or coinsurance is applied for any individual family member. Aggregate Out-of-Pocket Maximum: The entire family out-of-pocket maximum must be met, at which time medical services would be covered 100%. Embedded Deductible: Each covered family member only needs to satisfy his/her individual deductible, not the entire family deductible, prior to receiving plan benefits. Embedded Out-of-Pocket Maximum: Once the member reaches the individual out-of-pocket max, services would be covered 100% of that individual.

If you are enrolled in the PPO plans and visit an out-of-network provider, you are responsible for the deductible, coinsurance and the difference between what the provider charges and the Plan pays. Inpatient admissions, outpatient surgery, x-rays, high level imaging, mental health and substance abuse require preauthorization. Please refer to your Certificate of Coverage for detailed information.

Mail Order Prescriptions

CanaRx is a voluntary mail order prescription drug program that is available to eligible employees and their dependents enrolled in one of Bard College’s medical plans. All member copayments have been waived for this program only.

A listing of eligible medications is available on the CanaRx website at www.BardCanaRx.com.

Employees enrolled in the HSA HIGH PPO and HSA LOW EPO medical plans must first meet their deductible before they can participate in the program. Once the deductible has been met, employees need to submit their EOB to CanaRx showing the deductible has been met. There will be a $100 surcharge added to each prescription that is eligible under CanaRX but is not filled through CanaRX.

**Generic Medications**

Generic medications provide the greatest savings to your health care plan. Therefore if you are currently taking a generic medication, you are not eligible to order the brand name medication through this program.

**Ordering Instructions**

To place your first order simply complete the enrollment form and include a new prescription for each medication. Please allow 4 weeks for delivery.

Ask your doctor for a prescription for a **3 month supply** with **3 refills**. Refills are not automatic, but they’re easy – CanaRx will call you! As an added safety measure before processing a refill, CanaRx will need to confirm how much medication you have on hand and whether you have had any health or medication changes. You will be contacted **one month prior** to ensure you always have a sufficient supply of medication on hand.

Medications must be tried for 30 days before ordering through CanaRx. Return your completed and signed enrollment form and original prescriptions:

**BY FAXING TO:**

1-866-715-6337

_Faxed prescriptions are **ONLY** accepted if sent directly from the physician’s office._

**OR**

**BY MAILING TO:**

BardCanaRx
P.O. Box 44650
Detroit, MI 48244

**More forms are available**

Additional forms may be obtained from the Human Resources Department, by visiting www.BardCanaRx.com or by contacting CanaRx customer service toll free at 866-893-6337.
Employees enrolled in one of Bard College’s Empire medical plans will automatically be enrolled in the Empire vision plan at no extra cost. Blue View Vision offers you one of the largest vision care networks. Blue View Vision’s network also includes convenient retail locations including LensCrafters®, TargetOptical®, Pearle Vision®, and New York based Empire Vision and Davis Vision Centers. You will also have the ability to visit non-network providers and receive a reimbursement towards expenses.

Dental

**New for 2020!**
The Empire Essential Choice PPO Dental Plan allows you the freedom to see the dentist of your choice. You can utilize a large network of participating dentists who accept the Empire Complete Network as payment in full after deductible and coinsurance.

Please note you may see an Out of Network dentist, however the dentist may not accept the plan payment as payment in full, and may balance bill without limit.

* If you visit an out-of-network provider, you are responsible for paying the deductible, coinsurance and the difference between what the provider charges and the Plan pays.
* Certain procedures may require a pre-treatment review.
* Limitations or waiting periods may apply for some benefits; some services may be excluded from your plan.
Your employee contribution depends on the type coverage selected and the number of dependents you insure. Please note that all employees enrolled in the High Deductible EPO or PPO plans are eligible for a Health Savings Account (HSA). Your money in the HSA rolls over every year and goes with you wherever you go. There is no monthly maintenance fee for the HSA account for active employees. Employees must open their account prior to incurring any medical, dental or vision claims that the HSA will be used for and are encouraged to open their account prior to July 1, 2020. Please see table below for your semi-monthly contribution rates effective July 1, 2020.

Health Savings Account

Available with HSA HIGH PPO and HSA LOW EPO Plans Only
Plan Year: July 1, 2020 - June 30, 2021

Health Savings Accounts (HSA) are tax-exempt accounts where funds grow to pay for IRS eligible medical expenses. Bard College is offering an HSA account with First American Bank to those enrolled in the Empire HDEPO HSA plan.

An HSA is your account. If you switch jobs, the HSA goes with you. Your money rolls over every year. There is no "use it or lose it" requirement. In order to open an HSA, you must have a qualified High Deductible Health Plan. Employees can contribute their own funds up to the annual IRS limit. The IRS determines the guidelines for qualified HSAs, which are:

HSA Eligible Guidelines

- You are enrolled in a qualified High Deductible Health Plan (Empire EPO HSA).
- You cannot be claimed as a tax dependent.
- You are not enrolled in Medicare or covered under any other type of insurance plan. This includes plans that your spouse may be enrolled in, such as other group health plans, Flexible Spending Accounts (FSAs) or Health Reimbursement Arrangements (HRAs).
- Ineligible withdrawals are subject to income tax plus an additional 20% tax unless you are 65 or older, disabled or deceased.
- All participants are responsible for retaining the proper documentation to verify the eligibility of a distribution.
- Contributions can be made up to the day Federal taxes are due for the previous plan year.
- Contribution limits assume the employee is “eligible” for the entire tax year. If the employee is not eligible for the entire tax year, they can still contribute the maximum as long as they remain eligible for the entire following tax year (through December 31), otherwise they will be taxed plus a 10% penalty on a prorated amount of the contribution.

Medical Expenses

1. Present your Empire ID card to your provider. The provider bills the carrier.
2. Empire processes the claim and applies the contracted, discounted rate to your deductible and sends out an Explanation of Benefits (EOB).
3. Once you receive your EOB from Empire and the bill from your provider, verify that the amount being charged by your provider is the same as the EOB member responsibility.
   a) Remember, an EOB is a summary of the claim payment from your health insurance plan.
   b) The EOB should detail the discount and the amount of the claim applied to your deductible and your member responsibility.
   c) Pay only the amount classified as your responsibility by your health plan and eligible under your HSA.
4. You can use your HSA card to pay the amount owed when billed by the provider.

RX Expenses

1. Present your Empire ID card to the pharmacist.
2. After your pharmacist processes the claim through Empire, the pharmacist will ask you for payment at the time of service.
3. You can pay with your HSA card and the amount will be processed and applied toward your deductible.
Flexible Spending Accounts

Plan Year: July 1, 2020 - June 30, 2021

FSA funds are used to pay for medical, dental, vision and dependent care expenses for you and your dependents, regardless of whether you are covered by your employer’s medical plan.

2020 Change to Claims Run-Out Period
Participants will now have until December 31, 2020 to incur and submit claims for the previous FSA plan year (July 1, 2019 to June 30, 2020). All run-out claims must be submitted manually with the claim form found on iNavigator to BRI for reimbursement. If you have $550 or less remaining in your 2019/2020 Healthcare FSA account, you will be able to roll over that amount into the FSA for the 2020/2021 plan year. The rolled over funds will be available after the run-out period.

Healthcare Flexible Spending Account (FSA)
Participants may elect to contribute up to $2,750 on a pre-tax basis via payroll deductions throughout the plan year into a Healthcare FSA.

The full amount you select will be available to you immediately to use towards unreimbursed medical expenses regardless of whether you are covered by one of Bard College’s medical plans. You can be reimbursed for qualified medical care expenses such as copays and deductibles for medical, prescription drug, dental, prescription eye glasses, etc.

Employees enrolled in the EPO HSA medical plan may only participate in a Limited Healthcare FSA which can be used towards unreimbursed dental and vision expenses.

Participants are allowed to carry over up to $550 of unused funds remaining at the end of the Plan Year. You should plan carefully, as any unused funds in excess of the carry over amount are forfeited per IRS “Use It or Lose It” guidelines.

Dependent Care Reimbursement Account (DCA)
Participants may elect to contribute up to $5,000 on a pre-tax basis via payroll deductions throughout the plan year into a DCA.

DCA funds can be used on any child under the age of 13 or any dependent who is physically or mentally unable to care for themselves:

- The care of the dependent must enable you and your spouse to be employed:
- The amount to be reimbursed must not be greater than your or your spouse’s income, whichever is less;
- The services may be provided in your home or another location, but not by someone who is your minor child or dependent for income tax purposes (for example, an older child);
- If the services are provided by a daycare facility that cares for 2 or more children simultaneously, the facility must comply with state and local daycare regulations; and
- Services must be for the physical care of the child, not for education, meals, etc. Expenses for overnight camps and kindergarten are not eligible for reimbursement.

Commuter Transit / Parking Account
Participants may elect to contribute on a pre-tax basis via payroll deductions into a Transit and/or Parking Account to pay for eligible mass transit, parking and van-pooling expenses. Post-tax contributions are unlimited per plan year. All transit changes must be made by the 10th of the month prior to the change.

Transit Benefit - $270 maximum monthly pre-tax contribution
- Mass Transit Costs – The price of tickets, vouchers and passes to ride a subway, train or city bus.
- Vanpool Costs – The cost of riding a commuter vehicle that seats at least six adults (not including the driver) and at least:
- 80 percent of the van’s mileage is used to take employees to and from work, and
- At least half of the van’s seating is taken by employees

Parking Benefit - $270 maximum monthly pre-tax contribution
- Parking costs at or near your primary work site.
- Parking costs at the place where you get transportation to work – a train station, vanpool stop, etc.

**Voluntary Benefits**

In case of an accident or illness, Aflac Insurance policies pay cash benefits directly to you, unless assigned, regardless of any other insurance you may have. Use the cash benefits for such expenses as:

- Deductibles, co-payments, out-of-network charges and any other expenses not picked up by your major medical coverage.
- Travel related expenses for treatment in distant medical centers, including airfare, hotels and meals.
- Everyday living expenses like house (or rent) payments, groceries and utility bills.
- Lost income, results in a “double whammy” if the healthy spouse has to leave work to care for the recuperating one.

**Current Policy Holders Please Note:** Aflac upgrades its policies from time-to-time and employees are not automatically enrolled in the new plan. Short Term Disability monthly benefits does not automatically increase with a salary increase. An application is required for any coverage change and may require a change in premium. You are strongly encouraged to speak with the Aflac Rep to review your personal plans each year.

New Health Insurance Marketplace Coverage
Options and Your Health Coverage

PART A: General Information
When key parts of the health care law take effect in 2014, there will be a new way to buy health insurance: the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the new Marketplace and employment-based health coverage offered by your employer.

What is the Health Insurance Marketplace?
The Marketplace is designed to find health insurance that meets your needs and fits your budget. The Marketplace offers “one-stop shopping” to find and compare private health options. You may also be eligible for a new kind of tax credit that lowers your monthly premium right away. Open enrollment for health insurance coverage through the Marketplace begins in October 2020 for coverage starting as early as January 1, 2021.

Can I save Money on my Health Insurance Premiums in the Marketplace?
You may qualify to save money and lower your monthly premium, but only if your employer does not offer coverage, or offers coverage that doesn’t meet certain standards. The savings on your premium that you’re eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?
Yes. If you have an offer of health coverage from your employer that meets certain standards, you will not be eligible for a tax credit through the Marketplace and may wish to enroll in your employer’s health plan. However, you may be eligible for a tax credit that lowers your monthly premium or a reduction in certain cost-sharing if your employer does not offer coverage to you at all or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.5% of your household income for the year, or if the coverage your employer provides does not meet the “minimum value” standard set by the Affordable Care Act, you may be eligible for a tax credit.

Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, then you may lose the employer contribution (if any) to the employer-offered coverage. Also, this employer contribution – as well as your employee contribution to employer-offered coverage – is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis. An employer-sponsored health plan meets the “minimum value standard” if the plan’s share of the total allowed benefit costs covered by the plan is no less than 60% of such costs.

How Can I Get More Information?
For more information about your coverage offered by your employer, please check your summary plan description or contact:

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Please visit HealthCare.gov for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

1 An employer-sponsored health plan meets the “minimum value standard” if the plan’s share of the total allowed benefit costs covered by the plan is no less than 60% of such costs.
If your health plan generally allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in the network and who is available to accept you or your family members. For children, you may designate a pediatrician as the primary care provider.

You do not need prior authorization from your health insurance carrier or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in your network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals.

Do you know that your plan, as required by the Women's Health and Cancer Rights Act of 1998, provides benefits for mastectomy-related services, including all stages of reconstruction and surgery to achieve symmetry between the breasts, prosthesis and complications resulting from a mastectomy, including lymph edema? Contact your employer for more information.

The law also contains prohibitions against:

- Plans and issuers denying patients eligibility or continued eligibility to enroll or renew coverage under the plans to avoid the requirements of WHCRA.
- Plans and issuers providing incentives to, or penalizing, physicians to induce them to provide care in a manner inconsistent with the WHCRA.

If you would like more information on WHCRA benefits, call your plan administrator.
Newborns’ and Mothers’ Health Protection Act

Group health plans and health insurance issuers generally may not, under Federal law, restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a cesarean section. However, Federal law generally does not prohibit the mother’s or newborn’s attending provider, after consulting with the mother, from discharging the mother or her newborn earlier than 48 hours (or 96 hours as applicable). In any case, plans and issuers may not, under Federal law, require that a provider obtain authorization from the plan or the insurance issuer for prescribing a length of stay not in excess of 48 hours (or 96 hours).

HIPAA Special Enrollment Rights

If you are declining enrollment for yourself or your dependent(s), including your spouse, because of other health insurance or group health plan coverage, you may be able to enroll yourself or your dependent(s) in this plan if you or your dependent(s) lose eligibility for that other coverage (or if the employer stops contributing towards your or your dependent’s other coverage). However, you must request enrollment within “30 days” after your or your dependent’s other coverage ends (or after the employer stops contributing toward the other coverage).

In addition, this special enrollment opportunity will not be available when other coverage ends unless you provide a written statement now explaining the reason that you are declining coverage for yourself or your dependent(s). Failing to accurately complete and return this form for each person for whom you are declining coverage will eliminate this special enrollment opportunity for the person(s) for whom a statement is not completed, even if other coverage is currently in effect and is later lost. In addition, unless you indicate in the statement that you are declining coverage because other coverage is in effect, you will not have this special enrollment opportunity for the person(s) covered by the statement. (See the paragraph below, however, regarding enrollment in the event of marriage, birth, adoption or placement for adoption.)

If you have a new dependent as result of marriage, birth, adoption, or placement for adoption, you may be able to enroll yourself and your dependents. However, you must enroll within “30 days” after the marriage, birth, adoption, or placement for adoption.

A special enrollment opportunity may be available in the future if you or your dependent(s) lose other coverage. This special enrollment opportunity will not be available when other coverage ends, however, unless you provide a written statement now explaining the reason that you are declining coverage for yourself or your dependent(s). Failing to accurately complete and return this form for each person for whom you are declining coverage will eliminate this special enrollment opportunity for the person(s) for whom a statement is not completed, even if other coverage is currently in effect and is later lost. In addition, unless you indicate in the statement that you are declining coverage because other coverage is in effect, you will not have this special enrollment opportunity for the person(s) covered by the statement. (See the paragraph above, however, regarding enrollment in the event of marriage, birth, adoption or placement for adoption.)

Effective April 1, 2009 special enrollment rights also exist in the following circumstances:

- If you or your dependent(s) experience a loss of eligibility for Medicaid or your State Children’s Health Insurance Program (SCHIP) coverage; or
- If you or your dependent(s) become eligible for premium assistance under an optional state Medicaid or SCHIP program that would pay the employee’s portion of the health insurance premium.

Note: In the two above listed circumstances only, you or your dependent(s) will have sixty (60) days to request special enrollment in the group health plan coverage. An individual must request this special enrollment within sixty (60) days of the loss of coverage described at bullet one, and within sixty (60) days of when eligibility is determined as described at bullet two. To request special enrollment or obtain more information, contact your HR representative.

**Premium Assistance Under Medicaid and the Children’s Health Insurance Program (CHIP)**

If you or your children are eligible for Medicaid or CHIP and you’re eligible for health coverage from your employer, your state may have a premium assistance program that can help pay for coverage, using funds from their Medicaid or CHIP programs. If you or your children aren’t eligible for Medicaid or CHIP, you won’t be eligible for these premium assistance programs but you may be able to buy individual insurance coverage through the Health Insurance Marketplace. For more information, visit [www.healthcare.gov](http://www.healthcare.gov).

If you or your dependents are already enrolled in Medicaid or CHIP and you live in a State listed below, contact your State Medicaid or CHIP office to find out if premium assistance is available.

If you or your dependents are NOT currently enrolled in Medicaid or CHIP, and you think you or any of your dependents might be eligible for either of these programs, contact your State Medicaid or CHIP office or dial 1-877-KIDS NOW or [www.insurekidsnow.gov](http://www.insurekidsnow.gov) to find out how to apply. If you qualify, ask your state if it has a program that might help you pay the premiums for an employer-sponsored plan.

If you or your dependents are eligible for premium assistance under Medicaid or CHIP, as well as eligible under your employer plan, your employer must allow you to enroll in your employer plan if you aren’t already enrolled. This is called a “special enrollment” opportunity, and you must request coverage within 60 days of being determined eligible for premium assistance. If you have questions about enrolling in your employer plan, contact the Department of Labor at [www.askebsa.dol.gov](http://www.askebsa.dol.gov) or call 1-866-444-EBSA (3272).

If you live in one of the following states, you may be eligible for assistance paying your employer health plan premiums. The following list includes states where employees currently reside which offer a premium assistance program as of July 31, 2020. Contact your State for more information on eligibility.

If you reside in a different state, please contact HR for more information on whether or not a premium assistance program is available there, as well as State contact information if applicable.

Important Notice About Your Prescription Drug Coverage and Medicare

Please read this notice carefully and keep it where you can find it. This notice has information about your current prescription drug coverage with your employer and about your options under Medicare’s prescription drug coverage. This information can help you decide whether or not you want to join a Medicare drug plan. If you are considering joining, you should compare your current coverage, including which drugs are covered at what cost, with the coverage and costs of the plans offering Medicare prescription drug coverage in your area.

A plan’s prescription drug coverage is considered creditable coverage if the amount the plan expects to pay on average for prescription drugs for individuals covered by the plan is the same or more than what standard Medicare prescription drug coverage would be expected to pay on average.

There are two important things you need to know about your current coverage and Medicare’s prescription drug coverage:

1. Medicare prescription drug coverage became available in 2006 to everyone with Medicare. You can get this coverage if you join a Medicare Prescription Drug Plan or join a Medicare Advantage Plan (like an HMO or PPO) that offers prescription drug coverage. All Medicare drug plans provide at least a standard level of coverage set by Medicare. Some plans may also offer more coverage for a higher monthly premium.

2. Your Employer has determined that the prescription drug coverage they offer is, on average for all plan participants, expected to pay out as much as standard Medicare prescription drug coverage pays and is therefore considered **Creditable Coverage**. Because your existing coverage is Creditable Coverage, you can keep this coverage and not pay a higher premium (a penalty) if you later decide to join a Medicare drug plan.

When Will You Pay A Higher Premium (Penalty) To Join A Medicare Drug Plan?

You should also know that if you drop or lose your current coverage with your employer and don’t join a Medicare drug plan within 63 continuous days after your current coverage ends, you may pay a higher premium (a penalty) to join a Medicare drug plan later.

If you go 63 continuous days or longer without creditable prescription drug coverage, your monthly premium may go up by at least 1% of the Medicare base beneficiary premium per month for every month that you did not have that coverage. For example, if you go nineteen months without creditable coverage, your premium may consistently be at least 19% higher than the Medicare base beneficiary premium. You may have to pay this higher premium (a penalty) as long as you have Medicare prescription drug coverage. In addition, you may have to wait until the following October to join.
