Boychuk, also a member of the Class of 1968, will present his paper at the next meeting of the Wisconsin Historical Society, which is scheduled for October 5.

In a related development, the Wisconsin Historical Society has announced that it will be hosting a special exhibition on the history of the University of Wisconsin-Madison. The exhibition will run from October 5 to November 30 and will feature a variety of artifacts and exhibits related to the University's history.

In addition to the exhibition, the Wisconsin Historical Society will also be hosting a series of lectures and workshops on the history of the University. The first lecture is scheduled for October 5 and will be presented by Dr. John Boch, a historian at the University of Wisconsin-Madison.

The Wisconsin Historical Society is a non-profit organization that was established in 1855 to collect and preserve the historical records of Wisconsin. It is one of the largest and most respected historical societies in the United States.

The University of Wisconsin-Madison is a public research university located in Madison, Wisconsin. It is one of the top-ranked universities in the United States and is known for its rigorous academic programs and its commitment to excellence in research and teaching.

For more information about the Wisconsin Historical Society or the University of Wisconsin-Madison, please visit their websites at www.wisconsinhistory.org and www.wisc.edu, respectively.
The Bairdian, in behalf of the student body, extends sympathy to Mr. John Patterson in his recent bereavement.

REVISE STUDENT CONVENTION

FOR THE first time since the new system of student government has gone into effect, the right of a Non-Society member to speak on an issue has been granted by a vote of the body. This has greatly enlarged by his actions. The non-Society-Anarchist—why doesn't somebody do something about that contradictory name?—shows clearly that the constitution of the Constitution of Undergraduate Government is not a very good one. In fact, we find it difficult to take any position on the non-Society-Anarchist. He is supposed to represent his group in name only and is elected by the group only to insure equal division of honor, rather than to represent them. This has been a great point for the Student Council, and we have it on good authority that this was the intention of the men who framed the constitution two years ago.

However, we do feel that the constitution should be specific on this point in order to avoid further misunderstandings. It is so stated that any factual issues arise in the Student Council that up to this time it has hardly seemed necessary to cover this point by an amendment. We do recommend a revision of the rules of the Student Council to the men of the Council to the group he represents.

TEN MINUTE RECESS

WIE would like to see some administrative action taken on the several resolutions presented to the Student Council in its meeting of November 14th of THE BARDIAN. The resolution reading: "Resolved that the intermission in a two- hour period, be cut to one-half hour. This would be a good one. If the two-hour session is to succeed, necessary precautions must be taken to maintain an equal interval of interest throughout the period. A ten-minute interval would serve as a period of sufficient relaxation from the hard chairs and mental exercise of the classroom. Certainly this resolution could be passed and enforced by the administration with little difficulty.

JOIN N.S.F.A.

WIE would also be pleased to see the Student Council take some action on the proposed joining of the National Student Federation of America. The NSF.A. is, we believe, the only national student organization that is successful in giving adequate expression to the wishes of all students, colorless by the particular social or economic philosophies of the leaders and followers. It will be remembered that the NSF.A. was organized for the realization of the student meeting in Albany last year—which resulted in the subsequent defeat of the Non-Society—student-gag law similar to the Ives Law for teachers and professors.

The work of the NSF.A. has been that of a liberal union, and has been in an effort to make known the desires of the students and give students these wishes wide influence of liberty. Its past record and influence may be ten years that it has been in existence, it has grown to be the most universally respected of student movements.

Sports

Eliot Rosenberg

Even though the sport situation was not the most exciting of the day, there was still much to enjoy, from the weather, the weather was perfect. Soccer and cross-country fixtures were still in progress, and the weather allowed for them to be played without any power. The gym was well filled with people and there was a lot of activity and excitement.

The basketball season has officially started and we can visualize the parks and courts again in action.

All sports are likewise rather prematurely demanded. The tennis courts are a deep cavern sheltering a host of black war memos. This day is for those who are not ready for the tennis season. But if you would like to have a friendly game, this is the place. And if you do not like tennis, you can always design the tennis courts.

Recently, the tennis courts have been invaded by basketball, but there have been open afternoon sessions so that the close of the season is never at hand. Of course, we may be wrong about this, but it is worth a try to investigate the gym at some time and see if we can be around here in any reasonable way.

The first basketball season has been a season of success, but there have been open afternoon sessions so that the close of the season is never at hand. Of course, we may be wrong about this, but it is worth a try to investigate the gym at some time and see if we can be around here in any reasonable way.

BARD COLLEGE

Residential Unit of Columbia University

EDUCATIONAL PROGRAM

The new educational program of Bard College is designed for young men who are prepared to undertake responsible work along the lines of their own abilities in the field of liberal arts and sciences. Each student accepted by the College is offered the opportunity of enjoying a broad and flexible training, with the aim of fostering an understanding of the great traditions of Western civilization. The curriculum is designed to provide a sound foundation for further study in any of the fields of learning.

The College offers a wide range of courses in the arts, sciences, and humanities, with a strong emphasis on the liberal arts and sciences. It is a coeducational institution, offering a variety of programs and majors for both men and women. The College is located in the beautiful Hudson Valley region, providing a serene and picturesque setting for learning.

The College's faculty is comprised of dedicated and experienced educators who are committed to providing a stimulating and challenging educational environment. The College offers a variety of undergraduate programs, including majors in arts, sciences, and humanities, as well as a range of pre-professional programs in fields such as medicine, law, and economics.

Bard College is an equal opportunity institution and is committed to fostering an inclusive and diverse community. The College encourages applications from all qualified candidates, regardless of race, gender, sexual orientation, or any other protected status.
