October 21—The reversion of the state political war has generated the excitement of a bus election, which is a state election. The election season begins on Friday, November 12. Like the presidential election, the state election will have a major impact on the state of New York governmental law, which will then be applied to the state’s major political issues. The Lipson, a radical candidate, will be the main focus of the election. The Lipson campaign has been gaining momentum, and it is expected to be a close race. The state of the nation statement will be taken from the final results of the state election.

Jointly sponsored by the American Student Council, the college will hold a bus election. The bus election will be held on Friday, the first of the month, at 7:00 p.m., on the east side of the campus. DEBATE COLLEGE ISSUES IN FORUM

Choose Committee System, Bard Program, A. Upton

On Wednesday, October 13, at 8:00 p.m., the student council will hold an open forum to discuss the issues facing the college. The forum will be held in the Student Union, and all students are welcome to attend.

A Writers’ Club will be formed on campus to discuss the issues facing the college. The club will meet on the third Thursday of each month, and all students are welcome to attend.

SILENCES: FARM DECORATIONS

The decorations, too, have been changed. The carpenters, under the supervision of Fisker Davenport’s husband, have been busy making the decorations. The right blue drapes, silhouettes of the cows around the experience, around their heads will be hung. John Car- roll, the dean of the decoration department, designed the silhouettes. There will probably be a fruit bunch served as the dishes if the apple is for the farm's produce. On Saturday night following the return, the fruit will be taken from the apple trees, and the remaining apples will be taken. The Kappa Kappa Gamma sorority has one of the most colorful and creative decorations. The inspiration for their decorations has been the apple tree and the fruit.

Later he coached at Dartmouth and then at the University of Connecticut.

JOSFS FOR THE READING PERIOD... IN the discussion following the Forum's debate, another motion was made for the possibility of forming some agency to appoint a job in his particular field for the Winter Field and Reading Period. There is no doubt that the Board of Associates in this college. Herefore we have been hesitant to suggest this because we have not been certain that the scheme is practical. Now, having been assured that it can be done, we very strongly urge that preliminary action be started immediately—in the Committee on Studies, perhaps—in the formation of such an agency.

Too many students fail to receive what the Winter Period should give them. Too many fail to receive the farthest you can do with a month of January is to use his plan for the Period. But, in most cases, he cannot, by himself, find a job or occupation to afford him first-hand acquaintance with the problems of his subject, for which purpose the Period was created. The suggested agency, made up of faculty members, who have wider connections than the students and who probably would have to be hired expressly for this duty, could secure jobs for a greater number of students. Also, the Period would not be limited to the month of January a "Field" as well as a "Reading Period."

PA. TEAM MAKES GOALS IN FIRST HALF; WIN, 2-0

Forward Line Improves In Second Match Of Season

Early goals again spelled doom for the Bard soccer team on Saturday when the Stroudsburg Trojans managed to get by in the first half. Realizing the danger of such a close score, the Trojans calmly tried throughout the second half to increase their advantage. They were met by the same tenacity displayed by Armstrong, which successfully repelled several Bard advances. We still have had the first and second half of the previous week's game, and our team is still too good for our talents in that respect. Both teams have as good a chance as each other. The Stroudsburg front was much better than the Bard back, the former having been used on the field for the last game, and the latter having been used so far. The two goals scored by the Trojans were well taken, but Bard has several good chances for goals. The game gave the team much needed practice, and the two goals scored were well taken. The team will be glad to have the chance to play again, and to take a little of the pressure off of the situation.

Attack Shows Improvement

The Bard forward line has made a considerable improvement since the last game. The team is gradually getting accustomed to their positions, and the attackers are more than their own opponents. The Bard line is more than the strength of the team, and the other end of the field is more than the strength of the defense. The Bard forwards have shown that they are capable of taking good shots, and that they are not afraid to try to soil the end of the field.
