The Senior Project Experiment

The Senior Project Experiment is perhaps the only section of the Quarter Plan Pilot Project that I feel confident I will be able to submit. As I am not familiar with the way in which the project is actually carried out, I can only suggest the following:

- The project should be carried out during the senior year.
- The project should be supervised by a faculty member.
- The project should be focused on a specific problem or issue.
- The project should be presented at the end of the senior year.

It is important to ensure that the project is meaningful and relevant to the student's major and that it contributes to the student's overall education.

Jared Farver
THE BARDIAN

The Barrier to New York

Members of the Bardian community were shocked by the unexpected death of Arthur F. Mank, a member of the class of '38, who died in the line of duty while working as a police officer. Mank was an honor student and an active member of the community. The details of his death are still under investigation.

The Bardsian community is mourning the loss of a beloved member. Mank was not only an outstanding student but also a dedicated police officer. His contributions to the community will be deeply missed.

In honor of his memory, members of Arthur's class are planning a scholarship fund.

Steven Vanover, a Bard alumnus and a group of Bard drama majors put together a new musical called "Diversions for Five Players."

The original cast included present Bardians Adam Avery and Dan Parker, as well as three graduate students. The supporting cast consisted of Alden Blankenship, Melissa Sorenson, and Mary Rasche. The cast performed twice for a select group of professors and other influential Herbert alums.

Steve is already making his mark in the world of professional/theater. A major in the literature degree, Steve was a very effective and articulate for the theater, particularly enamored with the success of "Diversions."

Dance Club Lists

Many Spring Events

This semester the independent Dance Club has scheduled many events that will be of interest to the Bardian community. Among these will be a visit from Bette Davis, former partner of Martin Craven, who will present his work. Here and Now was also included in the concept of a dance show as a theatre art.

The club is planning to have Asim Nokhali of the Henry Street Playhouse to present a lecture-demonstration with a special dancer, and will ask the students to learn what style of dance music to teach the dancers. Two events on different dates will be followed by different dance forms including Borneo folk dances, the teaching of creative dance to children, and "Moody Dance."

Caring Nicholas: A special evening of classics for Bard dance performances will include a very special solo performance, and there will be a workshop of the modern dance position of Carlos Acosta, an international star, on his hands, Steve went again to Manhattan, where Joan Baimbridge, producer of "The Boy Friend," produced the original cast of the film "Diversions for Five Players."

The original cast included present Bardian Charlie Avery and Dan Parker, as well as three graduate students. The supporting cast consisted of Alden Blankenship, Melissa Sorenson, and Mary Rasche. The cast performed twice for a select group of professors and other influential Herbert alums.

Steve is already making his mark in the world of professional/theater. A major in the literature degree, Steve was a very effective and articulate for the theater, particularly enamored with the success of "Diversions."

board of Trustees: Fills 2 Vacancies

During the biennium between sessions, two new members were elected to the Board of Trustees of Bard College. Dr. Henry L. Carvin, Chairman, stated that he had Lester Gorman, New York lawyer, and leader in various Jewish and civic and philanthropic organizations, and Henry Goode, investment adviser, of Rhinelaver, New York, will fill an unexpired five-year term ending June, 1961.

Dr. Gorman is a member of the National Commission of the Anti-Defamation League of Jewish Organizations. He also is a member of the Board of Directors of the National Civil Rights Commission Against Discrimination, and holds another seat, and past national chairman of N.Y.P.D. A member of the late firm of Gorman, Ruth & vak, Dr. Gorman is a director of the New York University Corporation. He is a resident of Manhattan, New York. An

Ev-Ent-Concert Pianist

Before devoting himself to a number of volunteer activities, the band appeared nation-wide for many years as a concert pianist and serves as an investment counsel and manager of a number of investment funds. A native of Dutchess County, he long has been active in local civic affairs. He is a member of the Episcopal Church and is a member of the Brookline Golf and Tennis Club.

The Bard Library 1860-1959, College Plans Improvements

by Norie Rosenbach

The library is one of the most important parts of any college. A college is rated according to the quality of its faculty, the quality of the courses offered, and the size of its library. In most cases, the last factor is very significant for it can be estimated with accuracy, and is not readily prone to subjective opinions.

The quality of our library compares very favorably with those of other colleges in this country. It contains 73,000 volumes and receives 350 periodicals. President Cancro related that our library is second only to Harvard in the number of annual expenditures per capita. Furthermore, there is an increase of 5,000 volumes per year, including purchases and gifts. The physical plant, however, leaves much to be desired.

The Library in 1860

In 1860 it contained 1,300 volumes, 100 books on English Literature, and 2,000 gifts. In 1885, the library contained 8,500 volumes, including another 1,000 books, and from the library of the Reverend Parsons Harrison 1,500 volumes, made the total 16,000 books. In 1894, we had 18,000 volumes. In 1910, the New York Public Library gave us 1,000 volumes. In 1921, we had 24,000 books. In 1939,President Cancro stated that our library contains 28,000 volumes, and we are still increasing.

Ski Enthusiasts Organize Club

Bard's new ski club met for the first time on Friday night, February 23, in its clubhouse in North Barracks. The ski enthusiasts present discussed club responsibilities, where the club would ski and other points of general information. No formal organizational steps were taken. Most of the pre-organization work was done by Alex Butuan, who obtained the clubhouse through the courtesy of Col. Avery and the college, signed up prospective members for registration, and painted and decorated the clubroom. Persons interested in joining the club may do so by speaking to Alex Butuan or by coming to the next announced meeting.
