New York Central Announces Reduced Group Fares
The Light Touch
The American Association of University Women has just announced that it will offer the first Mary Todd Lincoln Memorial Fellow- ship in History for 1964 to Dr. Elizabeth P. Hitchcock, Associate Professor of History at Barnard College. This award, which is supported by the Mary Todd Lincoln Memorial Foundation, is in honor of Mrs. Lincoln, the mother of President Abraham Lincoln.

Mrs. Hitchcock, a native of Nebraska, was born in 1904. After receiving her M.A. and Ph.D. degrees from the State University of Iowa, she became a member of the faculty of Barnard College in 1937. Since then, she has taught courses in American History and has published several articles on that subject. Her latest book, "Lincoln's Mother," was published in 1962.

The fellowship consists of a $1,000 grant to be spent at any school or other institution where the recipient wishes to pursue further study. The recipient is also required to present a lecture on the topic of her study at a later date.

Congratulations to Dr. Hitchcock on this well-deserved honor!
EDITORIAL

This semester, a new policy was instituted by the for the success of the courses. Taking into consideration the complaints voiced by numerous Bardians that classes had lost their appeal because there was the same type of dull beer dance every week, the committee scheduled only four classes this semester, each of which was to be a live Puerto Rican dance. The committee felt that with the classes as few and far between, they would be something to look forward to and would be more interesting and promote a better atmosphere for the students.

As for the budget-wise, the availability of sufficient funds for liquors for every dance. It seems that the success of a dance depends, for the most part, on the quality of the performers and the general spirit of those who are present. With both the attraction of liquor and a not too common occurrence of dances, it was expected that each dance would be a large success. Unfortunately, the Friday night, proved the contrary. The attendance was poor and the entire dance seemed to be completely lacking in interest and spirit.

On the limit of four of these affairs per semester, a much larger amount of money is spent on each of these than has ever been put into individual dances aside from the Formal and Semi-formal. If these events are not fully taken advantage of, a certain portion of the committee's limited budget is wasted. The loss is for those who attend the dance as well as for those who do not because a poorly attended and spirited dancer can turn into a rather dull affair.

If the committee is only going to give full attention to the Formal and Semi-formal, it is our duty to so inform the Entertainment and Budget Committee so that they may act accordingly. A great many valuable campus organizations took budget cuts that they could not well afford. It is best to get the maximum out of our graduation budget. Judging from last Friday night's affair, informal dances are not so in demand.

Fest Lux III

It was with great pleasure that we were privileged to help in the construction of the pots to place along the sidewalks among the many different events being held on campus. The public power, which according to the authorities, will reach as far downtown as Amherst. For some time, we have been frequenting the "Chautauqua" of Bard and many times we have not been able to get in, but this time we had the opportunity to walk into it.

The event was to mark the beginning of the great festival of the year, the "Fest Lux." We were assured that the event was to mark the beginning of the great festival of the year, the "Fest Lux." We were assured that the event was to mark the beginning of the great festival of the year, the "Fest Lux."
