VARSITY VS. BOWDOIN SATURDAY

TEAM IN GOOD SHAPE TO MEET MAINE MEN

First Game of Season to be Played at Brunswick

The 1925 football season for St. Stephen's will open on Saturday afternoon when the varsity will meet the Bowdoin eleven at Brunswick. Me. A squad of over 36 men has been practicing almost daily since Labor Day in preparation for this contest and others to follow. The candidates who reported for early football practice have been working hard and faithfully under Coach Bray and his assistants Armstrong and Jones. They will be in perfect physical condition for the Bowdoin game and will leave campus on Friday determined to win the first game of the year.

In discussing the opening game, Coach Bray said, "We don't expect to find Bowdoin as unprepared as last year. The Bowdoin men are being coached by Gates of Yale, who is known of his ability in bringing his team into quick condition and readiness."

Last Year's Man Returns

Coach Bray has expressed himself as pleased with the men who, to date, have reported for football practice. In addition to Captain De Vos, whose picture appears elsewhere in this paper, a number of last year's varsity men have returned including "Stuck" Harding, who made such an enviable record for himself in 1924. He is starting the season in better condition than he ever started a previous season and should prove a valuable man on the team.

The added experience of last year's football and his leadership in spring practice should make Wilson a valuable man. Coach Bray expects this to be the best season that "Joe" has ever yet. Mention must also be made of "Butch" Harvey. Although only a sophomore, there is no one on the squad to whom the men have more confidence than "Butch." Coach Bray is determined to utilize all of Harvey's remarkable speed, which, for a time last year, failed to get sufficient recognition.

Big Tom Lawley, who went over 200 pounds last year and has returned at 170 pounds, appears to be a star.

CAPTAIN DELORIA

Captain DeVos is entering the climax of his football career. He is in the best shape ever and shows promise of making an enviable record this season. He has already won his fellow men on the squad by his leadership and the quality of his playing.

GET-TOGETHER IN GYM. THURS. NIGHT

Students Will Meet To Give Departing Team a Send-off.

On Thursday evening, a general "Get-together" meeting of all students will be held in Memorial Gymnasium. All of the new men as well as the old are asked to be present at this gathering. It will be a time for the new and old to become acquainted and for the new to become more familiar with St. Stephen's and its traditions.

The meeting has been called for 8 o'clock and will be presided over by Harvey Jones, president of the convenion. The latter part of the evening will be devoted to giving the varsity a send-off before the Bowdoin game, which is to be played Saturday. President Bell will deliver an address of welcome. Coach Bray will have a few words to say, and Captain Deloria will also speak. Cheerleaders Linder and Darcy will be on hand to lend the singing and cheering.

The cry is "Everybody Out!" and make an appearance at the gym tomorrow night.

CAPTAIN DELORIA

Albee Hall Sets Standard for Dorms

New Building is Furnished Entirely by Donor

Nothing in the way of college dormitories can compare with Albee Hall, as it now stands completed. It was donated to the college by Edward P. Albee, head of the Keith Albee vaudeville circuit, and although the building as it appeared at commencement week last spring was beautiful and pleasing enough, Mr. Albee was not satisfied. He insisted that he be allowed to furnish it completely, and this he has done with the artistic taste shown in furnishings of his theatres, which are famous everywhere for their interior beauty. Expense has apparently not been considered. What Mr. Albee wanted to do was to provide a dormitory where students could live and study in comfort. He has done more than that. He has given them a style as well as comfort. He has furnished

"PETE" HEGELMAN

NEW TRAINER, HAS WIDE EXPERIENCE AS A TRACK STAR

IS POPULAR WITH MEN

If there is anyone on campus who has become popular, not only with the football men, but with all with whom he has come in contact, it is Peter Hegelman, the new trainer. Coach Bray feels that he has been most fortunate in securing the services of Hegelman, or "Pete" as he is better known to the football men, who is considered to be one of the best known, best liked, and best equipped trainers in the game. He has already proven himself a worthy successor to Jack Kelly, last year's trainer.

Hegelman has had a wealth of experience, not only in the training field, but as a track star. Many Olympic athletes have had their training under "Pete." For more than 16 years Hegelman was connected with the Milwaukee Athletic Club, an organization well known in the sports world.

"Pete's" career as a trainer and athlete is an interesting one beginning when he was a youngster 15 years ago, the time he first became a runner. He won his first important award.

The First Four Letters of the New Year.

Freshman,

Dear Mother,

Honestly I’m crazy about it. College is every thing I thought it would be. The crowd up here is great. They all speak to each other. We go to Chapel every evening, and it sure is fine, noteworthy. Everyone’s awfully free about going. Guess I’ll go out for football. I can hardly wait until I have a chance to do some real studying. Had tea with one of these "prof’s" the other day. He was awfully human. He made a good case against wine and you know. He said he rather be talked about than not to be talked about at all, and a lot of things like that. He’s a real well-spoken fellow I’ve seen the world, and spent the summer in Paris.

Your son,

Josephine.

Sophomore.

Dear Mother,

Well we’re all here to-gather again. I hope someone is getting a thrill from that. Just like one big family, etc. The Faculty restrained any unseemly indications of a great emotion when it capped me anew. My roommate had everything settled when I arrived. He got high-hat when I asked him if he minded my putting a few personal belongings on the floor. The new room are here.

I hope to write several. Please tell Father to send me a check immediately. Books are terribly high this year, and the children in South Africa need help. I don’t know if we really appreciate our missionaries.

Yours,

Bertram.

Junior.

Dear Mother,

The sun is setting over the distant mountain range. All is sofit, shot through with gold. A few swallows hover like sentinels o’er the peaks. My God, a star—Twilight! I have decided to adapt journalism for my life-work. The Dean says that there are several good courses in English, which I might take, but I have no choices, I fear. You may assure him that I shall never think meanly of real estate, and I hope he continues to do well in the same.

Affectectionately yours,

Perly.

Senior.

Mother dear,

As you doubtless know, I am now a senior, and I don’t intend to talk-back to anyone. There is course, of course, is a pernicious year. I must study for the building with nothing but the best.

The furniture, tables and chairs, excpect for the single floor, is of all steel construction matched with perfectly distributed cushions in a single color which is green for the third floor.

The bed is of the Simmons "Built for Sleep" model and was outfitted with mattress, sheets, blankets, pillow, pillow case, and cover by Mr. Albee. Each room, as well as the corridors, is carpeted. All the floors have been fitted with imported curtains. Even the details such as desks pads. Motters, inkwells, lamps, and waste baskets were not omitted. An easy chair was also provided.

The middle room of each of the six was furnished with two luxurious chairs, a large davenport, and a beautiful mahogany table as well as a reading lamp.

Mr. Albee not only furnished the dormitory in this unequaled style and fashion, but he also provided the four suites in the Albee Annex with the same sort of comfortable and expensive appointments. These suites are for the use of professors. The two social rooms for the students and faculty are lavishly provided with chairs and tables, and for these two rooms Mr. Albee has also given pictures. Pictures of the presidents of the United States have been hung in the students’ room and pictures of college presidents have been hung in the faculty room.

CALL FOR REPORTERS

The editors of the Lyre Tree have issued a call for freshman columnists, reporters on the college newspaper. Freshmen - who would like to try for a place on the staff are asked to see Mr. Griswold in the Lyre Tree office, Lady Lee. The first Friday afternoons of this week between 4 and 5 o’clock. Previous experience in newspaper writing is not necessary.

Other men of last year who have returned are Gruber, Kennedy, who made a fine showing in the Rochester game; Urquhart; Rogen, who showed great promise as a sub quarter last year; McLean, a last year sub who gave his best in every game he played.

New Men Report.

A number of the new men have pleased Coach Bray and they are expected to be a big help on the varsity. George Schallenberger, who played in Northern New York high school football at center with Olean, is one of the most feared men in that section of the country. He has been true to form on the practice field and stands an even break of making the varsity this year.

Edward Abramski played end on the East High School team, Erie, Pa., last year. This was the championship team of the city and Abramski proved a great help in winning games. He also established a reputation as a track man in the ½ mile and shot-put.

Hans Guehrin last year won the Carey cup of Erie for being the best all-around athlete in Erie. He is conceded to be the fastest 100 yard man in Pennsylvania. He is out for the backfield and, according to Coach Bray, is showing great promise.

John Watkinson of Hartford, Conn., transfer from the Connecticut Aggies, where he played tackle on the freshman team, is also showing great promise. He has quickly caught the attention of the coaches and is worthy of watching.

Another good man among the new men is Charles Gottelle, who played end on Hobart's varsity last year. John Millman, fullback, will very likely fill Grant Noble's shoes at kicker. He is expected to be one of the most promising players ever enrolled at St. Stephen's. Other new men who have not escaped unnoticed are Vreeland, a 200 pound guard from Montclair High School; Jacobus, from Upper Montclair; and Krene of Unisota.

There are several good men both new and old who were late in reporting. Among the old are Ken Murray and Milington; among the new men Demits and Morristown; Raab of Delhi, N. J.; Strachon of Montclair, and Voegeli. A number of last year's scrub men have also reported for practice including Stevens, Stolf, Kroll, Kunkle, George Moser, and Duggett.

Up to press time, Coach Bray had not picked his varsity squad and was unable to announce the line-up for the Bowdoin game.

Second Team Games.

Manager Ferris has arranged an attractive schedule for the second team and the first game will be played Saturday against the N. Y. M. A. at Cornell. The second team of

ant race when he was 17 years old. This was at the old Madison Square
Garden in 1884 when the Manhattan Athletic Club staged a five mile race.
Race after race followed for Hegel-
man and in 1888, he won the 25 mile
open championship race at the Elite
rink in Philadelphia. His time of the
race was two hours and 36 min-
utes on a 12 lap track. The follow-
ing year he competed at four differ-
ent races in Philadelphia and won
prizes at each one.

For long distance races, Hegelman
holds several records. He holds the
best record for races that were held
four hours a night for six consecu-
tive nights. At Chelsea, Mass., in
1892, he established the record of
192 miles in a week, an average of
32 miles a night for six nights.

His last big race was staged at
Madison Square Garden under the
management of Pat Powers. In this
race Cavanaugh was his partner and
these two men still are the world's
record holders of long distance run-
ing. The two men traveled 775
miles in six days.

In 1894, Hegelman started his ca-
cer as a trainer and since that time
he has been training various well known
athletic clubs and a number of foot-
ball clubs.
