PERMANENT SCHEDULE IS TO BE ADOPTED

Faculty Votes for Change Which is To Be Made Next Semester.

Next semester will open with a material change in the schedule of courses. The faculty, at a special meeting on December 17th, decided to arrange all required courses and some of the most likely electives in a permanent schedule. The schedule has been checked against present registration. As a result of this change, if a conflict arises between a required course and an elective, the elective can not be taken; however, those men who are now in college will be provided for by consideration from the faculty, if they find that they have conflicts between required subjects and electives, and if practicable arrangement can be made.

It is interesting to note that there will be few evening classes, and that there will be very few classes on Friday afternoons and Saturdays. The new schedule has not as yet been completed, but in a modified form it will go into effect next semester.

DONORS TO A. A. FUND

Among the donors to St. Stephen's College Athletic Association fund are D. H. Hamilton, J. J. Tully, Bishop E. Rives, Bishop William T. Manning, C. A. Jessup, Dr. Walter B. James, Edward F. Alliec.

BUILDING OF ENDOWMENT FUND WILL BE DISCUSSED AT NEW YORK DINNER

The Association of Alumni and the Office of Saint Stephen's proposes to hold a dinner on behalf of the college, Wednesday evening, February 3, 1926, in the College Room of the Hotel Astor in New York. Proceeding the dinner a reception will be held from 6.30 o'clock until 7.15 o'clock. It is expected that four men distinguished in the political and educational world will make addresses.

The object of this dinner is to quicken the interest and develop the active cooperation of every son of Saint Stephen's towards the building of an adequate Endowment Fund; and also to enlist the sympathy of those to whom the college is not much more than a name.

The urgency of such an effort is imperative. President Bell and the Board of Trustees have effected the miraculous during the past five years, but they need and desire the support of every man and woman whose aid they can enlist, in order that what has been accomplished may be permanently secured. An immediate and important pressure is needed that help the program of further development which they have in mind may be brought to fruition as quickly as possible.

It has been announced that Baird Hall has been given to the Alumni Association by Dr. Bell who is arranging through the business manager of the college to have the Alumni Association take over. Communications or inquiries regarding the reunion should be addressed to Albert J. M. Wilson, president of the association, at St. Bartholomew's Church, Park Avenue at 150 Fifth Street, city of New York.

FREE CHAPEL CUTS

Students will be allowed free chapel cuts on work days after their last examination provided they file with the chapel master, not later than Friday, Jan. 22, a written statement showing the date of their last examination. They are reminded, however, that cuts do count on Sunday, Jan. 31, and will be included in the cuts for this semester.

HAMILTON AND COLGATE FALL BEFORE VARSITY; J-V VICTOR

Basketball Team Makes Splendid Showing Against Up-State Aggregation; Eastman Easy for Seconds.

Playing the best basketball of the season, the varsity went to Clinton and defeated Hamilton on Friday and Saturday nights of last week and defeated Hamilton College and Colgate University by 20-27 and 39-38 scores respectively. According to all reports the Colgate game was the fastest yet played on that court. It took two five minute overtime periods to decide which team should be the victor.

Hamilton Game

The St. Stephen's quietest luck turned at Clinton, N. Y., Friday, and defeated the Hamilton College five by a 30 to 27 score. The victory was won by the superior and excellent teamwork of the Crimson quintet. St. Stephen's led at half time by the score of 15 to 11. With a rally in the second half Hamilton gained the lead at 23 to 21 but St. Stephen's soon crept up, tied the score, 27 to 27, and then in the last few minutes of play added three more points to the tally, making the final score 30 to 27.

Colgate Game

In its second game of the week the Crimson varsity defeated the powerful Colgate aggregation in what has been the hardest fought game of the season for either team. Superior teamwork and remarkable accuracy in basket shooting from all parts of the field gained victory for the Annandale five. St. Stephen's started its fierce onslaught in the very first minutes of the game and when the first half ended the score was 21 to 9, in favor of St. Stephen's.

In the second half the Colgate team started with a fast rally and scored six field baskets in succession. With about ten minutes left to play the up-state men scored another basket putting them in the lead by two points. Then, with one minute left to play, Weirick put the ball into the net making the score 33-33 tie. The first overtime period saw the score deadlock at 35 to 37 and a second one was played. Colgate fought desperately, but foiled twice and St. Stephen's came through with a point to gain the victory.

The first half of the game saw St. Stephen's decidedly the superior but the last half, especially the two overtime periods, were most equally fought out by both teams. There were two outstanding players in the game: Milliman of St. Stephen's, and Seibolt of Colgate.

JUNIOR VARSITY

DEFEATS EASTMAN

The Junior varsity opened the season with a 43-23 victory over Eastman business college of Poughkeepsie, Saturday. The game was fast and fairly exciting although Eastman never threatened. A notable feature of the game was the passing of the St. Stephen's aggregation; the play went like clockwork. Keen led the scoring with seven field goals. Eastman rallied desperately at the end, but failed to get the lead. Captain Ricks played the best game for the opponents. Score at half time 22-11. Line-up: (Continued on page 4)

TO THE TEAM
(Not a Dedication)

When one bears the word dedication one thinks more often than not of a dead hero or of a kindly old lady who gives unselfishly of, and motherly to, stray kittens and mangy dogs. The word is used usually with the simian exclamation of an iron tablet or the appearance of a sobbing editorial in “Our Dumb Animals.” Let it here be understood that we are not dedicating anything to the team, our 1925-26 basketball team, a team which seems to have been able to plug the 1925 beam from its eyes!

There is nothing we can say that will express adequately our gratitude to the team for its grand and glorious victory over Colgate the past week-end, for the event marks a higher position for St. Stephen’s in the intercollegiate world. It means that our team which began the season with a series of humiliating defeats was able to bear the burden and rise to glory over one of the high lights, one of the glaring planets, in the universe of Eastern colleges.

St. Stephen’s has no reason to truckle to any “big” college! Whatever we say in numbers, expensive fur coats and glittering motors is most surely balanced by the stamina and spirit of our athletes, and—student body! let us

Committee Appointed

The Board of Trustees of the college has appointed a committee, consisting of Bishops Manning and Stires, Messrs. Haley Fiske, W. A. Bully, A. Hatfield, Jr., Edward F. Albee, and Dr. Walter B. James, to attempt to eliminate the deficit of the college and to pay off the college debt. During the past seven years, more than three quarters of a million dollars have been used at Amherst for improvements. Six hundred thousand of this sum was raised but one hundred thousand was borrowed. The interest on this debt amounts to six thousand dollars a year and to avoid the heavy payment the debt must be covered as soon as possible. In addition there is an annual deficit of forty thousand dollars per year or almost three hundred dollars per student. This deficit is due to a very insufficient endowment fund and while it is less per student than the deficit in most colleges, the majority of the others have a sufficient endowment to cover it.

Divide Deficit

The committee decided to divide the debt into one hundred thirty-three shares of three hundred dollars each and to ask individuals and parishes to subscribe for one or more shares. The Trustees themselves have pledged thirteen thousand eight hundred dollars per year, or a total of forty-six shares. This leaves eighty-seven shares still to be subscribed for. A committee, consisting of the bishops of the neighborhood, will be conducted from February to June with the hope that some substantial results will be obtained toward covering both the debt and the annual deficit.

LOSE FIRST HOME GAME TO MIDDLETOWN 29-26

The Saint Stephen's quintet lost its game with Middletown by three points on the home court at Amherst, on December 13th. The Crimson second team started the contest and played a good game until replaced by the regulars in the middle of the first half. The teams were quite evenly matched and fought out a close game but the visitors were three points in the lead when the final whistle blew.

For Saint Stephen's, Millman and Kennedy led in the scoring while Cart. Rice and Maynard starred for Middletown. This was the first home game of the season and an enthusiastic crowd was present to cheer for the team. The line-up:

Dr. L. P. Edwards will sail around world

Dr. Lyford P. Edwards, professor of social sciences, accompanied by Mrs. Edwards, sailed from New York on January 20 on an extensive tour of the world. Dr. Edwards will visit Cuba and Panama, and will go from there to the Hawaiian Islands where he intends to view the world's largest volcano and to stop at Honolulu. He will then go to Japan, Korea, China, and the Philippine Islands and at Java one of the chief purposes of his visit, he said, is to eat some breadfruit. Then going on to Ceylon, he will visit the shrine of Buddha in preserved. He will next pass through Singapore and Bantam and go into India, to the Taj Mahal, and Arabia. While in Egypt, Dr. Edwards will investigate the tomb of King Tutankhamen, and in Palestine he will visit the holy places. Nailing through the Mediterranean he will stop at Athens and Monte Carlo, and continue his voyage through the Strait of Gibraltar up the Cherbourg and from there to London where he will remain for a few weeks. In the early fall he will return on the Aquitania.

VARSITY WILL MEET TWO STRONG TEAMS THIS WEEK

On Thursday the varsity will meet the strong St. Lawrence five at Can- ton, N. Y., and on Friday the Clark- ton Tech. quintet will be met at Pough- keepse, N. Y. Last season the varsity scored two victories over Clarkson and went down to defeat at the hands of St. Lawrence. This will be the last trip for the team before mid-year.
