Supply and Demand Is Universal Law
We Get The Type Of Religion Or Life
That We Really Want, Says Professor Edwards
Harriers Lose To Middlebury
The fastest game of the season so far was played in a tie, one to one. Four periods were not enough to decide the outcome and although an extra period was played, the score remained 1-1 for both sides. However, S. C. C. outplayed her rivals by a convincing margin.

V. M. S. was the only team in the Tech territory most of the time and St. Stephen’s had no chance at all.

The first period was fast and furious with a big rush in the Tech territory most of the time and St. Stephen’s had no chance at all. The second period, however, was much better for St. Stephen’s and the second period continued to be fast, but neither team was able to score against the first half ended with St. Stephen’s leading by the score of 1-0.

The first part of the third period was played slowly by the players, but the boys got warmed up, the fences were cut, and a game for the whole period took place. The point at which the fence was cut was a fast one. Within a minute, the boys had taken the point and were ahead. St. Stephen’s was leading by the score of 1-0. The fourth period was much better for St. Stephen’s and the second period continued to be fast, but neither team was able to score against the first half ended with St. Stephen’s leading by the score of 1-0.

The first part of the third period was played slowly by the players, but the boys got warmed up, the fences were cut, and a game for the whole period took place. The point at which the fence was cut was a fast one. Within a minute, the boys had taken the point and were ahead. St. Stephen’s was leading by the score of 1-0. The fourth period was much better for St. Stephen’s and the second period continued to be fast, but neither team was able to score against the first half ended with St. Stephen’s leading by the score of 1-0.

THE LYRE TREE

HIGHER CRITICISM

The recital given by Mr. Edwin Idler, violinist, and Mrs. Idler, pianist, on the evening of October 12, was a pleasure to all present, as they were all of the opinion that there was a great deal of music and that the recital was given for several years that the pair have played before the college, but, more than that, they have made it a habit of doing so in a way perfectly astonishing. They don't seem to have had the same amount of applause with which Mr. Ralph was struck, but they have made it their business to do something in the college during their occasional recitalperiod. To be able to do that is to say they don't perform with such a step into a harmonious, far more interesting, the wrong.

HOLY FRATERNITY

The Holy Fraternity entertained the women and several of their friends in the college chapter house on the evening of October 14. About forty persons were present.

KAPPA GAMMA CHI

The Kappa Gamma Chi entertained several members of the college faculty at a breakfast on Saturday night, October 15. The chapter house was decorated in true autumn manner, with brilliant red and crimson flowers. A bouquet of roses (not too hard) and an array of gold and crimson glasses awaited the arrival of the guests. Several of the members placed rings on the tables, ringing the bulb for the first time, and having the college chapter of the college placed rings on the tables, ringing the bulb for the first time, and having the college chapter on the tables, ringing the bulb for the first time, and having the college chapter.
Discipline of lovers of the rhythmic
combination of tones. Before the
concert, Delilah and Deirdre gave
gave a long talk and very eloquent
folk song was on the program,
present, a peaceful world in the near
future, brought about by ever grow-
ing closeness of the two countries
of the world as a whole.

After the intermission, real
enjoyment was just beginning.
Dancing was the greatest
event, everyone now and then
enjoyed by both dancing and
conversing. It was a wonderful
evening in spite of the fact
that we couldn’t say much that
was understood. But, to be sure,
what we did say added immeasur-
ely to the affair.

The party broke up at three
o’clock, a very late hour for young
American college students to be
up. Each one of us knew exactly
what we were going to do. We had
drilled the words into our heads
before we came. But before
were allowed to go everyone
asked. These students were not
accepted by the New York Times
or by the New York Post. We
were allowed to go because
we had not been permitted to see
the performance by the New York
Times or by the New York Post.

Regulations For The Award Of Insignia
Adopted October 16, 1929.

To be applied by the advisory committee, in arriving at decisions as to which members of various teams shall have awards.

Sec. I. The official letter is to be a block letter 8 the dimensions of which are 5 in. x 8 in.

Sec. II. The plain letter 8 of the same dimensions will be used for managers of sports and the sen-

Sec. III. The letters are to be either of scarlet or crimson in color.

Sec. IV. No student shall wear the official 8 except when in accordance with the following rules and regulations.

Sec. V. The rules regarding practice sessions as stated under the heading of soccer apply to all other sports.

Sec. VI. Students entitled to wear the 8 are:

A. SOCCER

Those men who have played in two thirds all the scheduled games for one season and qualify for the aggregate playing time for one season. They shall also have participated in every regularly scheduled practice period, unless excused by both the coach and the captain for some legitimate reason.

B. CROSS COUNTRY

Those men who have run as many points as there were meets during one season. The first B. S. C. man to finish in a meet to receive five points, the second B. S. C. man finishing to receive four points, etc., the fifth B. S. C. man to finish to receive one point. He must also have participated in every meet scheduled for one season.

C. BASKETBALL

Those men participating in the majority of the games scheduled and in doing so must have competed in one fourth of the aggregate playing time for one season.

D. HOCKEY

Those men participating in the majority of the games scheduled and in doing so must have competed in one fourth of the aggregate playing time for one season.

E. BASEBALL

A pitcher must have pitched one-third of the innings played during one season. Any other player must have played one half of the innings played during one season.

In the street, said the chival- Chimeras, / I shall slip from my family, tree— No antediluvian Can winer this climate; One season of seven's ended me!— / John Mills Gilbert

John Mills Gilbert, 96, has recently returned from Europe after a three months' trip thru Italy, France, and Switzerland.

Alumni Notes

On October 12, Elisabeth Grom- berg and G. Beeren Kunkel, 27, both of Carlisle, Penna., were mar- ried in the First Lutheran Church of Carlisle. Paul Whiteman, ex-27, was the best man and James Mill-ington, 27, was best usher. The newly married couple are now liv- ing in Raleigh, N. C., where Mr. Kunkel is manager of the Southern Printing Co.

Dr. Walter J. Decker, 96, rector of St. Paul's Church, Flatbush, Brooklyn, N. Y., was a recent vis- itor on campus.

...in a cigarette it's TASTE!

"DO ONE THING, and do it well." In making cigarettes, choose the one thing that counts good taste—and give full measure! From start to finish, that's the Chesterfield story. Good tobacco, skillfully blended and cross-blended, the standard Chesterfield method produces a rich fragrance, wholesome satisfying character—

Supply And Demand Is Universal Law

We Get The Type Of Religion Or Life That We Really Want, Says Professor Edwards

Dr. Lyford P. Edwards, Professor of Religion at Harvard, is firmly convinced that the type of religion we choose has a great deal to do with the kind of life we lead. He believes that we are naturally inclined to choose religions that are compatible with our personal desires and that we are generally unaware of the extent to which our religious beliefs influence our behavior. He urges individuals to carefully consider the implications of their religious choices on their everyday lives.

Mysticism Is Nothing But a Compromise Between Truth and Personal Desires

The professor argues that Mysticism, which he defines as a form of religious experience, is essentially a compromise between an idealized view of reality and the limitations of human experience. He contends that Mystics often try to justify their behavior by appealing to a supernatural source, but this is a rationalization that makes it easier for them to live in accordance with their desires. He believes that this kind of behavior is not healthy for society as a whole.
