Rev. Fr. Hoffman Gives Interesting Chapel Address

The preacher in the Chapel on Sunday morning, November 17, was Rev. Fr. Hoffman, a member of the faculty of St. John the Evangelist, Cleveland, Ohio. He told the students about how he had been successful in preventing a disaster due to the neglect of a student. His story was told in such a way that the students were captivated and had a new appreciation for their duties.

Warden’s Cup is Awarded to Tauber

First Year Man Wins Campus Tennis Tournament

The final tennis tournament was won by Fred Tauber, who defeated his opponent, Stanley M. at finals. The tennis court was very crowded and there was much cheering throughout the match. Tauber showed a lot of skill and strategy, which earned him the victory. The match was a close one, but Tauber managed to come out on top.

Saints Trail In Triangular X-Country Meet

Anhester Takes First Place

On November 29, the entire campus turned its attention to Anhester in its final showdown to decide which team would be declared the winner. Anhester College was expected to be the favorite, but the students were uncertain. At the last minute, the young lady in the administration office had a change of heart and suddenly decided not to let the entire team go, which caused a lot of excitement. Nevertheless, Anhester still managed to come out on top, and the students were delighted.

Junior Promenade Occasions Festive Week End For College

From Prom to be in Memorial Gymnasium November 22nd. Bedazzling Breakfasts and Tea Dances Feature Saturday’s Program.

Fraternity Open House Parties Saturday Evening

Patrons and Patronesses Are Announced

A pleasant evening has been arranged for the students of the college. The Fraternity Open House Parties will be held on Saturday evening, November 19, and will feature bedazzling breakfasts and tea dances. The patrons and patronesses are announced, and the students are encouraged to participate in this festive event.

Thanksgiving Servicemen in Chapel

In obedience to the proclamation of the President of the United States, dated November 17, and the recent act passed Thursday, November 29th, as a "modern day thanksgiving" to Almighty God, and in which he proclaims that this day is to be set apart for prayer and thanksgiving, the students of St. Stephen’s have been gathered in the chapel to give thanks.

Hemisphere Day — Holy Communions

10:00 A.M. — Holy Communion. All students, faculty, and guests will be present. The Communion services may be made at either the old or new chapel. The students will be expected to participate in the service.

Since this devotion is urged by the Roman Catholic bishops of the country, it is expected that all persons who have been present during the day will be present at the 10 o’clock service.

Rev. Mr. Hoffman tells the students that they should not have taken things for granted, as they have often had things only because of the kindness of others. His text was from St. Luke 5:4, "The Lord bless you and keep you."

Jesus Christ is the only remedy for this sin. Science has nothing to offer us. We learn that the years of our lives, over which we had no control, were most important. Science does not distinguish between speaking and insincere, but the Lord builds us up through obedience and halt. Our study of the Bible, and the love of our Master, will lead us to discover the secrets of the universe, and make us wise.

The text for today is Matthew 16:2, "Whoever will lose his life for My sake, will find it." The students were encouraged to understand the meaning of these words and to live their lives in accordance with them.

The oneness of Father, Son, and Holy Ghost was discussed, and the importance of3
"A Word to the Wise"

The public mind of today is torn through and through by the conflicting reports of the social life among the under-graduates of our colleges. It learns that a "Prom" of a certain mid-western college was discontinued for a year because of the extremes to which the students carried things. It reads in glaring headlines of startling journals that the parties of a certain well-known New England college are open to grave criticism. But to offset these views it learns from individuals who attend these college functions that conditions are not quite so bad as pictured.

Are the Proms and house parties at Saint Stephen's open to any such criticism as we have mentioned above? They have been so, we are sorry to admit, in the past. They are no longer impeccable, we may justly say, but they may easily be made so through the actions of a few stupid or thoughtless men—the work of a few. The majority of Saint Stephen's men, however, mean the right thing.

We wish to be able to say of the coming Junior Prom, and its related house parties, that it is the most successful endeavor, and a credit to our men. Every man in college is a living advertisement, and it often happens that a college is unjustly criticized because of a certain two or three individuals.

"A word to the wise is sufficient."

To the Prom Girl

You would be highly flattered if you knew with what eager enthusiasm we have awaited your arrival at the Prom. You would be highly amused if you could know the elaborate preparations of our parts and rooms we have made for your approval. Prom, you think for one moment that the female of the species is alone in the fineness and elaboration of getting ready for social functions! If you do, you are very much mistaken. And you would be delighted to know with what care we have furnished ourselves to meet the most delightful and charming young ladies we know.

And at moments such as this we are prone to flatter ourselves that you charming promenades are coming to one of the most unique college occasions in the century. We do sincerely hope that you will be enabled to see some of the most beautiful nocturnal scenery in the State. There is, if we may be allowed to make a suggestion, a certain bridge which is truly romantic when seen by the light of the moon. But then, we must not make too personal suggestions.

Prom, we welcome you!
News Items Of Particular Interest
To The College

Wadson Bell has been appointed by the Regents of the State of New York to a committee of three to study the feasibility of establishing a state college in southern Arkansas.

The committee, consisting of representatives from various colleges and universities in the state, is to recommend a few governing credits to be given by the state.

The report is due in June.

The Director of the Works of the University visited campus on November 6th for a conference with the Board of Trustees and the Chairman of the Administrative Committee. Methods of employing a water supply of the College were discussed. It is being considered whether or not the College will make a water supply connection with Red Hook and so obtain its water supply from there. The director called this the best idea for college because he has seen examples and expressed a desire that the workers in the domiciliary at the College be given training in this manner.

Wadson Bell has been appointed by the University Council to serve under the chairmanship of Dean Millican to work out possible methods for advanced evening in the graduate school for men with honors degrees.

The president of Hobart College and the Faculty have requested the privilege of studying a science building as an example of expert planning and equipment. The professor of chemistry will be in charge of the committee.

Dr. Albert J. Knowlton was elected to the office of president of the Board of Trustees two years ago by the University and is the present president of the Board, an officer of the Board.

A series of New York Times called his book "the most distinguished, illuminating, and adequate work published in any country in the last century." Dr. Knowlton is now on the way home from Belgium where he expects to run the college sometime before Christmas.

New Trustees

At a recent meeting of the Board of Trustees two new members were elected: Mr. Wadson Bell, a prominent attorney, and Mr. Stephen Williams, a prominent New York lawyer, and has been an alumnus of the University for seven years.

Thirty years ago three young lawyers formed a partnership. In 1870 the firm was dissolved. Now each of these men has become prominent: and are trustees of St. Stephen's College. They are Mr. C. A. Marmon, Judge Lehman, and Mr. Stephen Williams.

Mr. E. P. Akin has been elected chairman of the finance committee to succeed Dr. Eliot Fields. Dean Fishburn has been elected chairman of the education committee. Professor O'Connell of Cornell University, has been elected to serve on the administrative committee. Mr. Edward Torrence has resigned from the Board of Trustees due to the fact that his health no longer permits him to attend meetings. One of our trustees, the Reverend Edward Hokl-

7. Bearden Taylor ("Larry"); Benjamin Franklin Taylor ("That Wonderful Soldier"); Jesse Taylor ("Holy Living, Holy Dying"); Juan Taylor ("Twinkle, Twinkle Little Star"); In the British Museum, which contains over two million volumes and thirty-seven million sheets. Fifty thousand volumes are in the British Museum.
9. Oliver Wendell Holmes in "Rip Van Winkle, M. D."
Basketball Season Succeeds Soccer

First Game With Eastman, December 4, At Home.

With the soccer season at an end, the students are now looking forward to the upcoming basketball season. Coach Williams feels that the quintet will be superior to the team of last year. He believes that the best players, including Hrinko and Kreft, three of last year’s men, will have a decided edge over the two teams. Walker Lesley will captain the team this year. This is his fourth year of varsity experience and it is expected that he will perform as well and even better than he did last year. "Jimmie" Pfeifer, another of last year’s veterans, seems to be coming on in fine shape.

Harry Givens is playing an excellent game at guard. Goss Glenn, Symon, Kruzdik, Miltis, Calkins and Kendeigh will all be playing consistent basketball at this time of the season.

The game, which started with brothers Abreu, who has been cut off and led the first period scoring with 13 points, and Mays, who was leading at the half with a 28-20 score, the Redmen have been dropped from the schedule because it was impossible to arrange a convenient date for this game. However, it is expected that they will be placed on schedule next month.

The athletic committee plans on holding a game with Union's team in Providence on December 30. However, nothing definite has been established. Fifteen games have been arranged and nine of them will be played at home.

University of Vermont Beats Scarlet Harriers

Sprague and Kates Make Good Time in Their First Race.

With Welker out for the remainder of the season, Sprague in the hospital as the result of an automobile accident, and Wilson, the chief weaknesses of the team last year was the fact that the coach had no material with which to replace the regulars when they needed a rest during a hard game. But, through the regular season, they showed such excep- tional basketball ability that it is possible for the team to have the necessary reserve strength if the team needs both.
