Wrestler with the pernicious Boy -  
During the winter, the artistic ways of a local newspaper. It seemed to suggest that the writer was a member of the staff, and that the newspaper was a local publication. The article was written in a formal style, with the writer using technical terms and language that were indicative of their expertise in the field of bowling. The content of the article was focused on the results of a recent bowling match, and included details about the players and the scores. The writer also mentioned the possible implications of these results for the future of the sport in the area. The overall tone of the article was informative and objective, with a focus on providing readers with useful information about the events described. It was written in a clear and concise manner, with the writer using appropriate language and terminology to convey their message. Overall, the article was well-written and effective in communicating the information it contained. It was a good example of journalism, and demonstrated the writer's skill in conveying complex ideas in a readable and accessible way.

Hockey Team Stages Grand Comeback

On Friday, February 11, 1930, a sudden but once again, a surprising event. The hockey team had a thrilling victory over their opponents, and the crowd was electrified by their performance. The game was held in the city's largest arena, and the intensity of the competition was evident from the very beginning. Both teams played with great skill and determination, but it was the hockey team who emerged victorious in the end. The final score was 3-2 in favor of the home team, and the crowd erupted in cheers as the players celebrated their hard-earned victory.

Winter FROLIC Declared TO BE GREAT SUCCESS

Preparation for Some Good Times at the Annual Winter FROLIC.

Ash Wednesday

to Solemn Season of Lent

The season of Lent began on Ash Wednesday, March 5th. In addition to the traditional fasting and giving of alms, there were additional lenten exercises which were especially directed to the needs of the period. These included prayers for the sick and the poor, and for the protection of the church from secular and spiritual dangers. The season was celebrated with a special Mass on Holy Thursday, and the church was decorated with flowers and candles. In the evening, there was a special procession with candles and flowers, and the church was illuminated with lights. The atmosphere was one of solemnity and reverence, and the people were filled with a deep sense of the importance of the occasion.

Soccer

Six Men Succeed in Meeting the Rigid Requirements

At the meeting of the Dragon Club, 1483, in the room of the New York Athletic Club, on the evening of Sunday, February 9th, the following men were elected by acclamation to the club:

Coach Reviews Hockey Season

As yet no letters have been received from the members of the hockey squad but the men who have composed in a portion of every game since from the players: L. Smith, K. Smith, Miller, B. M. Sutliff, and others, no one from the early season. There was a general desire to meet these new men who will raise the level of the game.

It should be explained for the benefit of the local newspapers that the steering committee of the Dragon Club has decided to move to the new facilities. A solemn average of at least 6 games per month is intended for the right requirement for entrance to the club. A solemn average of at least 15 games per month is intended for membership. The club has already met all the requirements and have adjusted to the situation this season. It is just that a well-balanced team that builds up a strong team.

Coach Vaunasson is ranging up some attractive schedules, and has already announced plans for the coming season.

Fallford University School of New York has a school of Irish studies, and has already announced plans for the coming season.

(Continued on p. 3, sec. 8, 5)

The Freshman Prose of the class of 1930 was held on Friday evening, February 18, at 8:00 in the Memorial Gymnasium (the one with the yellow floor, containing the latest rumor circulating around the school). The dance committee chose a theme which was a success, and the dress, even the small hours of the morning, was captured and utilized by the boys, and the couple had collected from elsewhere. The programs were designed by the students, the dances, the refreshments, and were prepared by the same company that provided the Alumnae, and the duration of the entertainment. The dance committee was composed of: H. Brown, chairman; William Smith, co-chairman; Charles L. H. Miller, co-chairman; and White, chairman of the program committee.

The promotion of the new players was announced in the program. The records were set in the following manner: 5-3, 12-9, and 8-5. The final record of the game was 5-3. The game was well played, with both teams giving their best. The final score was 5-3 in favor of the home team. The team played with great skill and determination, and their performance was well received by the audience. The game was well refereed, and the players adhered to the rules of the game. The atmosphere was one of excitement and enthusiasm, and the fans were filled with a sense of pride and anticipation.

Defeat's Saints in Wild Game

On Wednesday, February 13, the Halcyon hockey team upset the heavy-favoritism at the home game in the 7-3 score. The Halcyon team was led by captain John Smith, who scored a hat trick to secure the victory. This win puts Halcyon in a strong position for the upcoming season.

Hockey Team Loses to Hamilton

On the evening of February 13, the hockey team met Hamilton on the ice and lost to a fast, clean team by a score of 7 to 3.

The score, however, does not real

ally represent the relative strength of the two teams. Hamilton had a day and allowed them the best of their time, the first period and one after the second of their line was played. As that period in the sixties was finished and the score turned to two goals. One thing may have added to Blum's excitement of the Halcyon goal was the fact that two of the Ham

ilton goals were made from an angle of 60° off-sides. The next day the Hamiltons came to town, and the night of the game they were called O. R. E. Hamilton had the better team, but the score should have been 2 to 0. The Halcyon had 2 points.

Halcyon: F. R. W. Steedman

Summation

On Thursday, March 9, the Halcyon team lost to Hamilton in a close battle. Halcyon had a strong defense, but Hamilton's offense was too much for them. In the end, Hamilton took the win with a score of 7 to 3.

The Halcyon's next game is against Blum on March 15. Halcyon is looking forward to this match and hopes to come out on top.

The Philippines

Once a stop-off-point in the trans-Pacific voyage, the Philippine Islands have become an integral part of the world. The formation of the Philippine Trust Corporation—sponsored by Governor General Dewey—Dewey and having M. James King and John J. E. Lee, with Japanese interests, is an example of wise stewardship in the Philippines. The corporation has been successful in bringing peace and order to the islands, and in promoting the welfare of the people. The Filipinos have been given a fair share of the benefits, and have been encouraged to work hard in order to improve their lives. The Philippines is a valuable asset to the world, and we should all do our part to help it flourish.

In order to prevent our backfield men from running with knees close together, and thus become easy targets, we must move our tacking marks. Coach Brown of the Ohio University has invented a new device made of stiff leather called a "ribble." Worn on the inner part of the knee, it makes the back-fielders more difficult to reach the ball. The Filipinos are a valuable asset to the world, and we should do our part to help them succeed.

Make Bible Study Compulsory at Middletown

In the near future, a course in Bible study will be required of all candidates for the degrees of bachelor and master at Middletown College beginning in 1970 as announced by President Paul M. Moody, the college president last week.

In connection with this, a course in Bible study, which does not require credit, will be given as an elective course. The course will be conducted by Dr. L. Corliss, a New York theologian who has been highly recommended. "A university cannot prof

The Daily Princetonian, an article last Saturday, March 11, that the institute has received great praise for the course. It is necessary for the students to have a knowledge of the Bible to understand the New Testament.

To answer the criticism, that the Bible study course will not be as arranged, but examinations will be given at some time during the student's tenure, he has offered a prize to be given to the student who comes out in the examination with the highest score.
Kaps and Non-Socs Debate

Honors System

On Friday evening, February 21st, a debate was held in Kaps-G.maps, Chi Chapter House, between the Non-Denom. and the "Kaps," the object of debate was, "Resolved: that the system of trading for honors in college be abolished." The Kaps, by a previous vote of a convert in the affirmative side and the Non-Socs the negative. Each team consisted of six men, three speakers and one alternate. The time allowed for each speech was five minutes and sixty seconds for the affirmative side and two minutes and thirty seconds for the negative side. The speakers who acted as judges were: Warden Bell, Mr. Mason and Mr. Phelan. Lamley was chairman and introduced the speakers. This was the third or final contest in the Kaps getting eleven votes and the Non-Socs ten. The official decision rendered by the Judges was 101 points for the affirmative side and 93 for the negative.

On Bell expressed his enthusiasm for this innovation by the "Kaps" frequency, to have occasional debates for those who are interested. The judges interested in this initial attempt, bodes great possibilities for the future.

All those present were invited to stay for the refreshments which were served immediately after the debate ended. Many remained longer for bridge and billiards.

Saints Lose Last Three Games

The S. Stephen's five returned from their upstate trip on Feb. 14th and 15th, with two losses marked against them. The first game was played at Ham Colle, Green team played showing nothing at New York on the evening of Feb. 14th. The game was slow throughout, and neither team showed anything worth while writing about. The home team did not get off until the second half, during which period they ran their score from 14 points to 35. But the opposition was strong enough to keep the score at the end of the second half to "18" on the game" and won by a 47-26 score. Lamley and Phelan shared the honors in the scoring, with Othon a close second.

The next evening, Saturday Feb. 15th, the Red and Yellow points met the Alfred aggregation on the opposite court. The Saints never got started for the Alfred team fairly played with them. The opponents showed a wonderful passing attack and easily penetrated the zone defense of the home team. The game was slow and rapped throughout both halves, the Saints never threatening once with the score of the game. The Saints played a splendid game of the season was played against R. P. I. at Troy, N. Y. on Feb. 21st. And although the Saints lost, by a good score, nevertheless they flashed some of their old form by holding the R. P. I. quietest almost to a standstill in the second half. In the first half, the Red and White team failed to function and the opposing point quieted up into scoring, with Kennedy and Warren leading the attack. In the second half, the Saints took a lead in the second half. The teams then fought furiously for the remainder of the game, but the Saints were able to win the game and "The Saints," as the game is known to the R. P. I. team. The score ended as the final half 43-28 favor of R. P. I.

COACH REVIEWS HOCKEY SEASON

At a recent meeting of the Trustees of Dartmouth College, it was decided to establish a department for Journalism, with Professor Kelley at its head.

The origin of soccer has been traced to the time of King Alfred, and the game was given birth to the Seven warriors kicking the balls to their Danish neighbors.

The 100 cups credited to the S. Stephen's guides were distributed as follows:

...on the lot it's ACTION!

...in a cigarette it's TASTE!

EASY TO SAY, hard to do. Easy to claim everything for a cigarette; not so easy to give the one thing that really counts: taste.

Hard to do—but Chesterfield does. Sparkling flavor, richer fragrance, the satisfying character that makes a cigarette—because, in every step, we aim at taste...

"TASTE above everything"
