Dr. Garabedian's Work Reviewed
A Man of Dual Personality

Dr. Garabedian, who is in mining and in mining engineering, was interviewed by the author.

Interesting articles concerning Dr. Garabedian appear in the magazine last month. The "Journal of the Mining Engineers," in its November issue, published an article in which he expressed his views on the future of mining. In it, he wrote:

"The mining industry is experiencing a period of growth and expansion, driven by the increasing demand for raw materials. This growth is being fueled by the world's increasing population and the need for more and more resources to sustain it. The mining industry is a vital part of this growth, providing the materials that are necessary for our modern society."

PAN-HELLENIC DANCE

The Pan-Hellenic dance, scheduled formerly for tomorrow evening, has been postponed indefinitely. The reasons are due to the storm forecast and the desire to give the students a chance to enjoy the event in better weather.

Dr. Shotwell To Lecture

Distinguished Peace Promoter Speaks on "Learning by Catastrophe"

On next Monday evening, December 7, one of the most distinguished leaders of the world, Dr. Shotwell, will lecture at 8 p.m. in the auditorium of the Pan-Hellenic Council.

The lecture will center around the theme of "Learning by Catastrophe," covering various aspects of the philosophical and political implications of social and political events.

The lecture is open to all students and faculty, and is expected to be attended by a large audience.

"Greek Tragedy" Taken To Press

Aeschylus' and Sophocles' Plays In Book By Dr. Harry

The first volume of "Greek Tragedy," a comprehensive study of the works of the two great Greek dramatists, is now in the final stages of publication. The book, which will be published by Columbia University Press, contains a detailed analysis of the tragedies of Aeschylus and Sophocles, including biographical information, critical essays, and a comprehensive index.

In addition, Dr. Harry will present a series of lectures on the works of Greek dramatists at the college, which will include discussions of the political and social themes of their plays.

"The Fishing Period"

At a meeting of the Fishermen's Club last week, it was decided to open the Fishing Society for new members the first of the month. Dr. Bell, a member of the club, said:

"The fishing season is about to begin, and we wanted to make sure that our members were aware of it. We've planned a series of fishing trips, with experienced fishermen leading the way."

Dr. Bell in Annual Report Says All Freshmen Are Uninspired To Colleges

In his annual report to the faculty, Dr. Bell stated:

"The freshmen this year have shown little interest in college life. Most of them are too busy with extracurricular activities to really get involved."

In response, the administration has planned a series of events to encourage freshmen to participate in college life and get involved in the community.

Bishop Manning Here In January

Candidates for Confirmation Asked To See Father Crosby

On Sunday, January 17, 1931, the Rt. Rev. Dr. William T. Manning, the Bishop of the diocese, will make his official visit to St. Stephen's College. The visit is scheduled to last two weeks. In his communication to the students, he will be in- duced to attend all of the services and to make his opening address on the second day. He will also be available to answer questions and provide guidance to those preparing for confirmation.

The Bishop will be in residence at the college throughout his visit, and is expected to be present at all services and events.

**THOU SHALL NOT**

Note that the Student Council has set its lens to pass laws concerning the manner in which clothes shall wear to class, but have ignored the personal importance of clothes to the real needs of the wearing apparel of the students must be. We suggest that a committee be appointed regulating the use of clothes among students, and especially those who are in any way involved in any class or activity.

**DEFACEMENT**

The editorial which appeared in this column some time ago which dealt with the defacement of library books was given an abundance of adverse criticism, criticism which seemed strange enough, from the very people who are subject to the habit which we described. These accusations are not only students, who might be forgiven, but faculty as well.

Let us hope, the following editorial which appeared in the New York Times, Tuesday, November 1, 19-

Some book lovers feel that a volume is particularly precious when it is passed from favorite hand to favorite hand, or when it becomes the property of the generation whose hands are to follow. It is all right, but there is something of a book in any way. Yet persons who take books from the (PLANT), and return them not, are considered defacing books, even though they may be in as good condition as they were when they left.

**Two Students钱包**

Next Thursday evening, December 18, is scheduled for the third meeting of the "loose" club in the Recreation Room. Mrs. Upham and Mrs. Edwards will entertain, and Dr. Wilcox will be the speaker of the evening.

As the regular faculty meeting is scheduled for Friday evening in the Recreation Room, the "loose" club meeting would be in conflict. Therefore, the meeting was canceled.

**Student Council**

A petition has been made by the Student Council to change the current dress code. The petition states that the rules are too strict and that students should be allowed to wear what they want. The petition was signed by a majority of the students and is currently being reviewed by the administration.

**THE WHISTLE WINDS**

An interesting exchange has been taking place between the Student Council and the administration regarding the current dress code. The Student Council argues that the rules are too strict and that students should be allowed to wear what they want. The administration, however, argues that the rules are necessary for maintaining a proper image and discipline.

**Hockey Season Opens Following Christmas**

The hockey season is set to begin following the Christmas holidays. The team has been training hard and is looking forward to a successful season. The opening games are eagerly anticipated by both players and fans alike. The season promises to be exciting and充满期待.

“Greek Theatre” Taken To Press

Scores Present Prep Training
(Continued from page one.)

The junior college years, and sometimes the senior college years as well, will find him in such shape that he may begin to work for himself at scholarly tasks.

Dr. Bell also points out the inestimable fact that most college freshmen, though selected with the utmost care, cannot do the things which may reasonably be expected from them.

The most popular of the courses in the junior college at St. Stephen's, however, is the Greek language course.

The Greek scholar at St. Stephen’s, however, has designed a normal curriculum, the purpose of which is to start with a student where he is, and after having been carefully chosen, he is accepted as an undergraduate, and finally turn him out, after four years, at least on incognitely maturer.

The burden here is placed upon the student who must self-propel himself along with the professor as guides and counselors rather than teachers.

We have heard to eliminate from our midst, with kindness but firmly, such undergraduates as do not prove to be capable of self-propulsion; and those whom we do retain we leave free from rapidity.

By Bell concludes his report by making forth a number of resolutions, and his colleagues on the Board of Trustees of the College for consideration and acceptance.

Library Shelf

Some more new items of interest come this week from the ever increasing lists in the Hoffmann Memorial Library.

Outstanding among the new additions is the recently published set of two handsome volumes, presented as a gift in the library of “The Works of Francis Bacon.” As previous Albert Swift, Jack, and Catherine Rose Wilson, the former of whom is to lecture at St. Stephen’s later in the year. This is a masterpiece of scholarship and the work of years; it is in Harcourt, Brace publication and is very well produced.

The work is considered, what will probably remain for many years, the definitive edition of the works of Bacon.
