Defeat By Hamilton Ends Six Game Campaign

Starting the season with a 6-6 tie with Williams College at Zaehbrede Field, thus setting a new record in the history of the soccer team at St. Stephen’s College, the team ended its campaign with a fair degree of success. The fine play and enthusiasm displayed throughout the Williams game was indicative of the whole season’s play. Let it be said in conclusion that the team’s victory was a reward for steady training and hard work.

At the opening of the season Coach Leake, in an informal talk to his team of twenty, dismissed three important points: condition, spirit, and technique. By the following week in the game with St. John’s, which St. Stephen’s won 2-1, it was evident that the team was working in accordance with the coach’s wishes.

On prospects looking bright, the season will not be over without the undefeated Beckett team looking forward to another victory as R. I. I. Around a nucleus of veteran players, including R. A. R., B. O. H., and R. A. P., the team has been able to maintain its tradition of success. The game with Fitchburg was an exciting one, with Fitchburg scoring early in the first half, but St. Stephen’s scoring two goals in the second half to win.

Superior Opposition Met in Each of Five Races

All athletic enterprises appear to experience cycles of excellence and mediocrity. This season the soccer at St. Stephen’s College; the team’s victory in the match with Williams College; and the baseball team’s success in winning the championship of the Eastern Intercollegiate Baseball League are all indications of the team’s ability to maintain a high level of performance.

Dr. Edwards Called To Summer School

Dr. Lyford F. Edwards, Professor of Social Sciences at St. Stephen’s, has been appointed to teach in the Columbia University Summer Session. He will give courses in Introductory Sociology and Social Origins.

Dean and Trustees Plan for College
Contemplate Development of Study Program

On his return from a visit to New York City recently, Dean Teegarden announced that the basketball program for the coming season has been revised to include a new team from the Brooklyn College. The new team will play a series of weekend games against the Brooklyn College team and will also compete in the Williamstown Invitational Tournament.
FALL FOLLY

We advocate the abolition of freshman rules. It is our belief that the present freshman body of St. Stephen's College would remove from the campus something which in the past few years has proved to be nothing more than a joke. The basing which is carried on in this place amounts to brutality, and naturally tends to create the hostile, wild-eyed neophyte to college life. The principles of the baseball team are to be respected, but an institution of this size does not exist. Any one who has witnessed the attempt at enforcement in the past few weeks can testify that it will last for the next three years to come. This fact is a known one among freshmen, and can be the subject of many alice among the old students. The system is wrong from the top to the bottom, and the system of rules must be done away with.

LITERATURE AND NEWS

The Editorial Board has included in the column of the LYRE TREE several columns of literary effort by St. Stephen's undergraduates as well as by the alumni. The whole column has been made up of the MISSISSIPPI GROTESQUE, from which there is a lot of good work done in the school. There is no need to de- monstrate any interest in this matter, as the students are well aware of the fact that the LYRE TREE has been a very valuable source of information in the past. The improved style of the editor is a valuable addition to the paper, and we are sure that the work of the student body will be greatly benefited by it.

Intra-Mural Sport

It was gratifying to see the spirit with which the various classes are carried through the contest, and the fact that the LYRE TREE is not a little proud of the students who have taken part. The same enthusiasm that was shown for the LYRE TREE was also shown by the students for the student body, and the LYRE TREE is sure to benefit from it.

THE LYRE TREE

Music

The music season of St. Stephen's College opened on Thursday, September 6, with a performance by the Beethoven Hill Symphony under the baton of Russell Ames Cook. As for the evening's program, this was the first time that the College had the opportunity to enjoy, a concert of this order. Despite the fact that the Ensemble had prepared a great deal of material for this day's performance, the audience was not disappointed, as the ensemble was in the best form of its life.

Down the Grid with Ferdinand Fitch

These are melancholy days for the football team. Two weeks before the beginning of the regular season has come to a close, and the outlook is not promising for the future. The team has been decided. The cross country team has run its last race. (Why does it snow in September?) With the harvest time of the apple crop drawing near, the team is being trained under the direction of Mr. Fitch, who has been a great inspiration for the team.

The team is working hard, practicing for the upcoming games. The team is composed of students who have been on the team before and have contributed to the success of the team. The team is looking forward to the upcoming games and hopes to continue its winning streak.

The LYRE TREE

The Notice of admission of St. Stephen's College is anxious to inform the members of the LYRE TREE about the purchase of the instrument.

210 New Books Added To Library

There have been added 240 new books to the shelves of the Hoff- man Library at St. Stephen's College since the opening day of the current semester.

Seniors and Sophs Tie In Soccer

The seniors and sophomores are tied in soccer, but the team is still tied for first, and the final game of the season will be on November 28th.

Pawling School Wins Cup In School Run

The second annual Mid-Winter Inter-school cross-country Meet was held at St. Stephen's on November 4, with ten of the high schools of New Canaan and New Canaan Counties represented. Approximately one hundred runners participated.

The Rev. Mr. Jessup '82, of St. Stephen's College, presided over the program, which consisted of a speech by the headmaster, a reading by the principal, and a paper by the assistant principal.

Discussion Groups Draw Up Programs

(Continued from Page Three)

and Pre-Medical Groups and the Business and Economics groups, and, of course, the various social clubs. Occasional meetings and discussions will be held, for which speakers will be invited. The intention of making these organizations forums for the expression of the students' ideas character. They are organized on a non-commercial basis, and no membership will necessarily be changed from time to time. The students are free to act as a unit, and in some cases it is desirable to have the entire student body in attendance.

The Pre-Ministerial group, although its organization is far from being complete, has advanced beyond the other groups. At the first meeting, held in the apartment of Dr. Yates, a committee was appointed for subsequent meetings and to arrange for a calendar of events. The committee, composed of John Kennard, chairman; Robert Jones, and John Burbage, has arranged for a series of approximately fourteen meetings to be held on Monday afternoons at 4:30 p.m. at Beekman House, and for the next meeting, magazine articles are to be reviewed and discussed. Articles of interest are to be presented by those who have read them. Speakers will be present and editors of the magazines will be present and editors of the magazines.

The sociology and economics groups will be open to outsiders. The books which are to be reviewed include devotional, theological, biblical, social, and bibliographic works.

The opportunities under the guidance of Dr. Yates, hopes to strengthen and develop the men who are contemplating holy orders, and the Business and Economic groups have each four Paul meeting one meeting.

Drum Club Planning

The Drum Club, St. Stephen's College, is planning to draw up its plans for the coming season under the guidance of William Schmidt, '34, the Drum Club adviser. Schmidt is planning a series of informal talks and lectures.

Recently, the club initiated two new members, Louis Jameson, '34, and Kenneth Sorensen, '33, into its ranks. Joseph was then elected Vice-President, and Soren was elected to the post of Secretary-Treasurer.

Contributors' Column

To the Editor of the Lyre Tree: I would like to ask what has become of the Drum Club which was organized at the college last year. At that time I knew that there were many students interested in this sport but the lack of organization and leadership of one of the fraternity. This year there has been an excellent combination of activity, as far as I can see, in the development of the club, which is the formation of a rifle team for inter-collegiate matches with other clubs in the region. This idea also seems to have potted and be in a good shape.

With the exception of a few, we are all now ready for the big match this spring. This has prepared us for the big match, and I believe that we will be better prepared than ever before.

Searlet Harriers End Hard Season
(Continued from Page One)

The team returns to Amphitheatre with Tucary, The Dalits again lost but Snyder won first place by a big margin. Some other Searlet runners in the order of finish were Droops, Mannel, Schenck, Black- le, Chappeil, Kendall, Dills.

The third was against Connect- ute State College at Annan- de. The two teams, with the Harriers were outclassed and Snyder had to fight to obtain sixth place. In this con- test, Droops, Michell and Mitch- ell finished in a dead heat as also Blacker, Nance Hill, and Dills.

On November tenth the team won at Wetteran where they were defeated by a score of 29 to 33. Snyder placed third, Blacker sixth, Schmidt seventh, Chappeil eighth, Blacker tenth, Dills twelfth, Kendall thirteenth and Dills four- thteenth. Last place was taken by Oseore of Weslydon who failed to finish.

On November eighteenth a special race was held in New London with the Coast Guard Academy. Snyder finished second, Droops sixth, Schmidt eighth, Blacker ninth, Chappeil tenth, Kendall twelfth, and Dills thirteenth. The Coast Guard won by a score of 20 to 32.

Dr. Nock 'Stumbles'

On 'Happy' State

Dr. Albert J. Nock, 90, author and formerly of the Department of History at St. Stephen's College, has written an article called "Home Thoughts from Abroad" in the current issue of the "Atlantic Monthly," in which he describes a small European nation which, although it violates nearly every rule which America considers essential for a happy nation, is happier than any country he has visited.

This carefree land, which, for reasons of his own, Dr. Nock calls "Amenia," is one of the smallest countries of Europe. The people are fifty percent in the happy and twenty- three millions of them engage in agriculture. There is very little industry in Amenia: what little there is has not been seriously impeded. There is no organized sport such as golf, tennis or the like. Democratic government is unheard of, military despotism is holding sway. In quite all disregard to what is accepted by other countries to be the foundation of an ordered state, Amenia continues to thrive and enjoy liberty. Her national debts amount to little. The machine is practically unknown.

"The New York Times" of Sunday, December 13, questions in an editorial the existence of the a-forementioned Amenia, stating that perhaps it is a product of Dr. Nock's imagination, and listing the best features of all the non-industrial sections of the world.

40 Couples Attend Junior Dance
(Continued from Page One)

Miss Lilliebecue Barton, Professor Edward V. Voorheis, the Rev. Miles A. Yale, Sir, and Mrs. Stan- ley H. Leake and Mr. Hamilton Cranke. Also the Misses Martha McFar, Isabelle Brigham, Frances Burgeron, Marynorth Boothby, Marjory Cox, Francis Opton, Priscilla Sorensen, Edna McDonald, Bertha Rife, Ruth Wilcox, Margaret Merriell, Emily Carpenter, Mary Louise Walter, Delphes Hill, Elizabeth Baker, Mabel Garwood, Mrs. St. Clair, Alvine Pfeiffer, Elizabeth Donnelly, Emily King. Others were the Misses Anne Hennig, Louisa Pace, Elizabeth Taylor, Jean Clarke, Dorothy Thomas, Paula Delshmidt, Helen Lindley, Beverly Roberts, Priscilla Howes, Emeline Davie, Sarah Leigh, Maryann, and Dorothy Carter, Edith Miller, Hilda Salmon.

Numerous lunches, teas and sup- pers were held on Saturday, where most of the entertaining was done in the fraternity houses. In the evening dances were given by the Rubkhan and Bapous Gamma Chi Fraternities which were open to the faculty of the college, the students and their guests. Both parties were attended with the guests traveling back and forth from one house to another.

Dr. Harry Reads

Play to "Soviet"

Dr. Joseph E. Harry, Professor of Greek, gave a highly dramatic reading of "The Clouds" by the Greek comedian, Aristophanes, on November 16, 1933, be- fore the Soviet, a discussion group of the faculty.

Dr. Harry added interest to his reading in that he substituted the names of professors for those of Greek characters in the play, Mrs. Harry was hunching, and served up refreshing to the thirty-five-people present.

Basketball Team

To Meet Drew

Winter is a season in and at the same time basketball uniforms are being hauled from the trunk and issued to candidates for positions on the St. Stephen's five.

The team faces a hard schedule again this year with 14 games booked by Manager Clark. Al- though it is customary at this time to give predictions of the season coming, no predictions concerning can be made for the team.

32 Men Singing

ST. STEPHEN'S COLLEGE
Annadale-on-Hudson, N. Y.

A Regional College for Men
A College of Liberal Arts and Sciences, associated with the Episcopal Church but with no ecclesiastical restrictions in the selection of its faculty or student body; incorporated within the educational system of Columbia University and conferring the university degree of Bache- lor of Arts.

It combines the advantages of college and university education-Its location at Annandale-on-Hudson, 65 miles north of New York, presents the advantages of both city and country life.

The College, founded in 1860, is equipped to teach men who, after graduation, are intending to enter post- graduate schools of medicine, law, journalism, or theology, or into classical, scientific, social, or literary research. Scholarships, bursaries, and employment are available for qualified students.

The fee is $600 per year. For preparation room, $100 per year; for board in hall $200 a year.

Address: DONALD G. TEWEBSURY, Ph.D., Acting Dean
Annadale-on-Hudson, N. Y.
