Boar’s Head Dinner Tonight Celebrates Christmas Season

Dr. Carl A. Garabedian

A former activity and nutrition program has been arranged for the evening by the college administrative officers. As the central feature of the program, the presentation of a skit entitled "A Christmas Carol," by the St. Stephen’s College Drama Club, will be presented as an entertainment for the pleasure and benefit of the guests. The skit will be performed in the College Auditorium and will be followed by a dinner in the College Dining Hall. The evening will conclude with the singing of Christmas carols by the college choir, under the direction of Dr. Robert T. Balch. The dinner will be served family style, and the guests will be seated at tables arranged in the shape of a Christmas tree.

The annual Christmas Carol Service will be held in the Chapel on Christmas Day, December 25, at 8:00 p.m. The service will be attended by the entire student body, faculty, and staff, and will be followed by a candlelight dinner in the College Dining Hall.

THE LYRE TREE

Bring On the Boar's Head

We are relieved to learn that the Boar's Head dinner, long a traditional function of the Christmas season, will be held this year.

To this dinner is the cornerstone and the key ingredient in the celebration of the Christmas season. We believe that the Boar's Head dinner will serve to bring our thoughts and our attention to the real meaning of Christmas, and the joy it brings to us all.

We look forward to it with the Boar's Head on the brain.

Christmas Eve in Old Russia

[Continued from Page One]

The attorneys of the family are attending a meeting of the local bar association, and the children are at home, out for the night. The house is quiet, except for the sound of the piano playing in the background. The room is dark, except for the light of the candles that are burning on the table.

The tree is decorated with lights and ornaments, and the family is gathered around it, sharing stories and memories of the past year.
