Krapp and Tape Recorder

Robert Bauer as Krapp looks forward in wonder and horror to hear his own voice of thirty years before. Samuel Beckett's monodrama, 'Krapp's Last Tape,' shows the old man engrossed solely in the tapes of his youth. Bob appeared in full-fillment of his Senior Project requirement, under the direction of William Draper. Drama review appears on page 6.

Dance Concert to Use Scene in Ovid

The Dance Department has scheduled its first program this semester for November 10, at 8:30 in the Theatre. The program will feature the choreography of an episode from Ovid's 'Metamorphoses,' cont. courly by Ana Delman, Pres.-essor of Dance, as well as original compositions by Elié Kennedy and Margery Aver.

Overcrowded Kitchens

Endanger Food Services

Overcrowding in the Dining Commons, long a difficult situation, has now become, in the words of President Kline, "one of our worst problems."

Built originally to serve the building has been enlarged over the years to cope with larger numbers of students, but has failed to keep pace with recent years. However, new and larger capacity has been added, and the cafeteria sys-

B&G Begins Parking Lot Near Barns

Buildings and Grounds Department is to get under way the construction of a new parking lot between South Barracks and the barns. The lot will hold 200 cars.

The work will continue through the semester and fall period; the lot should be done by the beginning of the spring term. This project will not interfere with the planned third floor for the library. It is scheduled for completion at the same time, but will be done by outside contractors.

Bard has developed in recent years a very difficult parking problem, only the road in front of Stone Hall, adequate for parking, is becoming increasingly��easibility as the public face of the college.

The new parking lot will "be a help to some people," and make it possible to close the "front road to cars." As In the words of President Kline, the administration is considering the possibility of removing that street and reserving the area with grass.

This in the college would need another exit, which might be paved from the front to the Annandale Road along the newly-laid pipeline from Water Main.

Dr. Eilenbach emphasized that the administration has not foreseen any decision on this matter.

Parking lot project is not necessarily higher in priority than other projects. Lighting for the Annandale Road, for example, the parking lot project is set and will be staffed once the approval of town authorities is given.

The parking lot will have a travel surface at first; it will be paved in September. The travel has to have time to settle, as with the Bithlo Road's rural surface, which will get another coat in the spring.

The parking lot will be the third sizable building project to be completed without outside help, after Sutteny Hall.

Ovid's Kitchen, which covers an area.

Dining Commons, is a large and well-equipped kitchen. It is used by students and faculty, and is open to the public.

The kitchen is equipped with modern appliances, including a large refrigerator, a dishwasher, and a stove. It is well-lit and clean, and is a pleasant place to work.

The kitchen is open from 7:30 AM to 9:00 PM, and is staffed by a head cook and several assistants. The kitchen is well-organized, and the work is done efficiently.

The students and faculty who use the kitchen are pleased with the service, and the kitchen is a popular place for eating meals.

The kitchen is a model of efficiency, and is a credit to the college.
Tension in Strindberg Drama

by Lane Sarsohn

Tension in Strindberg's drama is created through the conflict between the characters and their desires, leading to inevitable ills. In "The Strongest," the character Richard is torn between his love for his wife and his desire to control her. The tension builds as Richard becomes more possessive and controlling, leading to a tragic outcome.

Drama Review

Strindberg is a master playwright, but all his works need not be masterpieces. "The Strongest" is an example of character development. The conflict between the characters is a result of the struggle for power and control. Richard's possessive nature is a result of his fear of loss, and his desire to control his wife is a result of his need for validation. The tension between Richard and his wife is a result of their differing values and beliefs, leading to a tragic outcome.

Letters To The Editor

To the Editor of the Observer:
The Bard Observer has been contaminated by a lack of imaginative reporting. Rather than condemn its faithful editor, Charles Hollander, for his weekend stays in Saugerties when we all know he's a workaholic (parking on the drive), we should make every effort to add some perspectives on events to the next issue. His latest article, "The Mackrell-Wraper," is well written, but lacks in-depth analysis. We need more contributions to its columns.

—DAVID JACOBSON

Observer
Drama Department
Schedules
Auditions for Beggar's Opera

William Drive, Associate Professor of Drama, announced in a recent interview with the Observer that the auditions for the new drama production, The Beggar's Opera by John Gay, would take place on October 16 and 17. The show is scheduled for the last week of the fall quarter.

At present the Drama Department is planning to keep the role of Macheath for the second half of Leslie Spier's Senior Project. The roles are open for all students and applications are open until the end of the semester.

The origins of Gay's play are uncertain. According to the Lt. Col. Sir Mortimer Wheeler said that the play is based on an actual event in the life of Charles II, who was involved in a plot to overthrow King James II. The play is a satire of the political and social conditions of the time, and it lampoons the government, headed at that time by Walpole and Townshend, and the ways of society in general.

According to Mr. Driver, the Beggar's Opera is the true role model, the role of John Gay himself. All the action in the play is set in the coffee shop with no fixed boundaries. The play is about the life of John Gay himself, from his popular song of the time, a few of the tunes that have been taken directly from Gay's opera. Gay wrote the famous songs for all of these lovely ladies.

Everyone in the cast will sing and drive, Driver is unconsoling. The coffee shop with no fixed boundaries. The play is about the life of John Gay himself, from his popular song of the time, a few of the tunes that have been taken directly from Gay's opera. Gay wrote the famous songs for all of these lovely ladies.

The Beggar's Opera is a satire of 18th century music—taste—the Royalty. The Beggar's Opera was produced in 1728. There is a movie of the play, with Lawrence Olivier as Macheath. The Beggar's Opera has 69 songs; according to Mr. Driver, the collection has more than 20 songs. All the action in the play is set in the coffee shop with no fixed boundaries. The play is about the life of John Gay himself, from his popular song of the time, a few of the tunes that have been taken directly from Gay's opera. Gay wrote the famous songs for all of these lovely ladies.

Ryan Seeks Baton Skill Scholarship

Fortune Peter Ryan, literature major, has applied to the University of Mississippi for a baton-twirling scholarship. In a letter sent last Wednesday, he asked for preliminary application and scholarship information.

He said his gym teacher had informed him of scholarships for the University of Mississippi's baton twirlers at the University of Mississippi. "If you have one," he added, "I would be very interested in one since I have been twirling the Baton for nine years. I started twirling when I was eight years old."

Fortune's query originated from a story in the Wall Street Journal, in which mention of such scholarships occurred. Dr. Donald W. Stamps, professor of an interview, "At any other college a baton-twirling scholarship would be a joke, but here it's taken seriously." Fortune plans to follow up the matter as far as possible.

Overcrowded

(Continued from Page 1) would be to have a buffet near the back door, where a second line would form. It is likely, though, that food served there would not stay warm for long. Another proposal would have off-campus students sit near the front of the house. This would allow a much more relaxed atmosphere. Other suggestions have been made, but these are the most prominent ones. In viewing the situation, President Rice is not ready to make any recommendations. If anyone has a new idea, it will be considered.

Psychology Club Outlines Activities For Year

by Dick Cross

The Bard Psychology Club in a departmental organization which sponsors activities open to the entire community. Its functions can be divided into four categories: (1) Seminars; (2) Films; (3) Professional guidance; and (4) Bard Psychology Journal. While the latter two categories are limited primarily to psychology majors, the former are of more general interest and shall therefore be considered first. According to Bonnie Markham, secretary, the club has invited the following speakers: Dr. Kenneth Clark, a major figure in the Supreme Court desegregation decision, to speak on Race Relations; Dr. Joseph Greenbaum, Chairman of the Psychology Department at the New School for Social Research and author of the book "The Younger American Scholar," to speak on Culture and Personality; Arthur Smail, of Queens College, on A New Approach to Psychoanalysis; Dr. John Volkman, of Mont Holyoke College, on Psychotherapy, and Dr. John Christe, of Columbia University, on Social Psychology.

Two half-hour films, to be shown in the Community Room in October, will concern Sig Sauer and Freud. An interview in which the noted psychologist and contemporary of Freud, Carl Jung, will discuss the "founder of psychoanalysis" and his philosophy, by his biographer, Dr. Ernest Jones. Additional films will be announced at a later date.

Regarding the professional psychology field, the Psychology Club has in the past made arrangements for student work experience with mental patients at the Hudson River State Psychiatric Hospital and plans to continue this service. Films for field period and possibly summer jobs, undergraduate research grants, and graduate school scholarships will be available for reference. A meeting to tell the requirements of various graduate schools will also be held.

Psychological conventions are another area in which the Club offers prospective psychologists an opportunity to explore the vocational aspects of their chosen field. Bard has been, and will continue to be represented at many of the major psychological symposia such as the American Psychological Association and the New York State Psychological Association. The Bard Psychology Journal, a publication of student papers, is tentatively scheduled for publication in June, 1963. The Journal is accepting manuscripts of original articles and will continue to do so until May 15, 1963. Interested authors are asked to consult the required style sheets, obtainable from the Psychology Department, in which the literary form for articles is specified.

B.C.M.C. Urges Auto Seat Belts

Bard College Motor Club, in conjunction with the Dean's office, is interested in supplying safety belts to interested students. It is possible, through quality order, to obtain approved belts at a discount. The Motor Club has posted a sign-up sheet for students interested so that the possibility of quantity installations can be looked into.

W. Wilson Fellowships To Be Awarded

Faculty nominations for applicants for the Woodrow Wilson Fellowships are now being solicited, and are due in the Dean's Office by October 15. Students who are thinking about graduate work in various fields should consult their advisors about these fellowships, which pay all tuition and other fees for the winners plus $1,500 a year. There are also awards for graduate study given through New York State for residents of that state. Applicants for most of these awards must have the taken the Graduate Record Examinations, information about which is available in the Dean's Office. If a student really plans to do graduate work the following fall, he should begin right now.

Parking Lot

(Continued from Page 1) and the Ward Manor pipeline. Since the arrival of Richard Griffis, the administrator has been working on plans to make the college at least partially self-sufficient in the area of new construction. When he was Director of Buildings and Grounds at Hamilton College, Mr. Griffis worked under a similar setup. According to Dr. Kline, the new parking lot will not affect the present regulations prohibiting freshmen from hav ing cars.

—UP THE ROAD
Orange County Troops Soccer Squad, 9-0

The Bard College soccer team came out on the short end of a 9-0 score against Orange County Community College on September 25. The home team looked 67 shots on goal, while the Bardians got close enough to shoot only three times. The team managed to get out a 1-1 tie against the Orange County CC at Bard last year. On Saturday it was unable to cope with the spirited shooting and well-coordinated passing of the Orange County. The Orange County scored in every one of the 22-minute periods; twice in the first quarter, twice in the second, once in the third, and four times in the fourth. The Middlebourn newspaper noted, “In the fourth period the Orangemen poured four goals past the tired and somewhat disilluisioned goalie, Charles Ruhlanden (sic).” The Bardians were seldom able to stir a concerted attack but good soccer was exhibited by Clot Bennett and Ray Hilton,, co-captains, and Tony Gif ner and Doug McDonald. The team’s next game is at Rock land County Community College next Friday.

Night Letter Sent To U. of Miss.
Concerning Riots

Community Council voted last Monday to send a night letter to the student body of the University of Mississippi in view of the recent riots there against the admission of James Meredith, first Negro to enter an integrated public school in Mississippi. Council members Spencer Laymen, Warren Sizemore, Hill Tom, and Charles Holland all decided on the phrasing of the letter. The text follows:

To: The Students of the University of Mississippi (in care of the president of the student body) The University of Mississippi Oxford, Miss. 

We are writing to you as students and members of the Orange County community to express our support and sympathy to you in these trying times. We read with sadness the news of the recent events in Mississippi, and we wish to reaffirm our commitment to the principles of justice, equality, and freedom.

We understand your concern for the safety of your fellow students and the well-being of the entire community. We support your efforts to address these issues and to promote a peaceful resolution to the crisis.

We urge you to continue your efforts to engage in dialogue and to work towards a resolution that respects the rights and dignity of all individuals. We stand with you in solidarity and in the hope for a brighter future.

Sincerely,

Community Council

Committee Plans Entertainment For Semester

Plans for this semester’s weekend activities as tentatively set up shall include a wide range of entertainment. Below is a list of these plans which shall be adhered to as closely as possible. Along with this calendar, posters, telephone announcements, and brochures will be placed in the dining hall and student center.

- Sat.-Sun: Formal Dance
- Sat.: Formal Dinner
- Fri.: Band Dinner
- Thurs.: Formal Dinner
- Wed.: Formal Dance
- Tues.: Formal Dinner
- Mon.: Formal Dance

The committee, consisting of Jim Kennedy, chairman; David Allen, secretary; Todd Sheeler; Steve Poole; Ray Hilton; Judy Weiss; Mike Herman; Andy McPherson; Ted Baer; Jim Clifford; John MacDonald; Stuart Fosso; and Marv Kohr, plans to provide entertainment from both student and professional sources.

Influenza Vaccine to Arrive Soon

The Influenza vaccine will soon re-
ceive influenza vaccine and will invaluably anyone who wishes to be immunized. Sign up sheets have been posted in all dormitories and in The Hegeman lobby.

A renewal of the recent epi-
demic of A/D'1918 is expec-
ted, and Dr. Thompson, the College Physician, has recom-
manded that the Bard Com-
munity receive the vaccine. It will achieve maximum effectiveness only if all the student body, and staff members, sign up.

The cost of the vaccine will be one dollar per injection, payable at the time of vacci-
ation. There will be two in-
jections, the second, two months after the first.

Bardians See Drivers Vie for Grand Prix

drive

by Dave Jacobswill

After three days of practice
in drier and rain, which
held back few spectators, the
Formula I cars of the world’s
best drivers thrilled up for the
Grand Prix of the United States. The Watkins Glen
circuit is famous as an early
road racing center and for its magnificent scenery. Lake Suco and the Glen itself (a water gorge in the mountains) are
raced by more than 100 drivers.

The event at Watkins Glen takes place on a summer night
for this event, high school
boys peddle programs in high
pitched voices, college students
in good cars up and down the
drivers of the Watkins Glen State
Park.

Among this latter group are
the "schooldads" from well
known e.g., Munich and "Mercedes". They
set up their camp by the en-
couraging uphill turn to watch the
drivers such as Graham
Hill. Jack Brabham, Jim Clark,
in the Formula I cars. The event
promotes the Grand Prix of South Africa. Bard students return
to campus to see themselves
with SCCA regions at Lime Rock, but they will be
remember the tension and the
expectation of a racers. The drivers’
American cars will be driven
in the Grand Prix of South Africa. The event promotes the Grand Prix of South Africa. Bard students return to campus to see themselves
with SCCA regions at Lime Rock, but they will be
remember the tension and the
expectation of a racers. The drivers’
American cars will be driven
by South African drivers.
Visit With Dick Bard
by Steven Chalmers and David Johnson

We asked if there had ever been any major fires at
Bard.

“there were three or four suspicious fires here three years
ago,” Mr. Bard said. “We had some Pinkerton detectives who
questioned us. We reported it as a mystery, but we never
found out who, if anyone, did it. The little room was located
where Oriental was used to be, before it burned down.”

We also asked if Mr. Bard’s son Bob, who is a fresh
man here, is majoring in history and expects to go into
newspaper work. According to Mr. Bard, his son likes the
colleage.

Thinking Mr. Bard for his time, we were about to leave
when he stopped us and asked us to emphasize in our article
that the phone number is meant only for emergencies. Whenever
people telephone the fire number in the middle of the night
he extension phone at his house wakes up Mrs. Bard. He
two girls called at 2 a.m. for permission to go out and
get something to eat. Calls of this sort should be made to the
B.O.G. number instead.

We thanked Mr. Bard again, patted his dog on the head
and walked back toward the campus and talked at last.
We had met the real “Richard Bard, Lumberman.”
