Summer and Winter Break Housing

Students who wish to apply for break housing will need to apply separately. Students who do not wish to pay for housing over breaks should make travel arrangements in accordance with the [academic calendar](#), which indicates when the residence halls close at the end of each semester. Students wishing to stay for even a few days beyond the official residence hall closure date will be required to pay for the entire interval as previously mentioned. This should be factored into all travel plans.

Visiting students are ineligible to apply for summer or winter break housing and must vacate the residence halls by the final date of the semester as indicated in the academic calendar.

Terms of the Housing Agreement

- Bard College Berlin agrees to provide housing for students as outlined in [Student Handbook](#) sections 10 and 10.1.
- All students living in residence are bound by all policies outlined in the [Student Handbook](#).
- The comprehensive fee installments must be paid on or before the due dates set by the College. Payment of this fee entitles the student to a bed in a residence hall but not a specific room. Students can request specific rooms, but they are not guaranteed. More information about paying the comprehensive fee can be found in the [Student Handbook](#). More information on the 2024/2025 dates can be found [here](#).

- Students are subject to the University refund policy (see the [Student Handbook](#) for further details).
- Upon official withdrawal or dismissal from the College, the student must vacate their assigned room and leave the campus by arrangement in consultation with the Head of Student Life. If the student fails to vacate, belongings will be deemed abandoned. Items will be discarded and charges assessed to the student to cover any associated cleaning and removal costs.
- The College makes its best attempts to pair students with compatible roommates. Nonetheless, situations arise that require reshuffling roommate(s). The College can assign and reassign roommates with limited or very short notice to the other occupant(s).
- The student is not permitted to have another person to reside in their room, with the exception of [approved overnight guests](#).
- Subletting is not permitted. This includes AirBnB-type arrangements and any non-compensated overnights.
- Students must register any guests staying with them by filling out the [overnight guest stay request form](#) and submitting it to the Director of Housing and Residential Life or the Residential Life Coordinator at least one business day in advance of the stay.
- The College reserves the right to enter and inspect any room when, at the discretion of a staff member, it is deemed necessary for security, safety, maintenance repairs or policy enforcement. More information can be found in the [Student Handbook](#).
- Individuals involved in behavior that results in damage or vandalism will be required to pay any necessary repairs and fines, may lose housing privileges, and may be suspended or expelled from the College.
- Should the student violate College policy or this Housing Agreement, the College reserves the right to relocate or remove the student from housing, without release of financial responsibility.
